ITALIANS DEFEAT
GERMAN ATTEMPT
TO CROSS RIVER

Berlin Claims Huns Are Advancing In Hill Regions

ART TREASURES REMOVED
FROM VENICE FOR SAFETY

Take Precautionary Measures Again Break In Paive River Line

(Associated Press Telegram)
Rome, Nov. 15.—The Italians have renewed efforts of the Germans to cross the Piave river. Those of the enemy who forced a crossing at two points on previous days are being held in check, the war office announces today.

The enemy forces which effected a crossing at Zenson are being more closely invested and those across the river in the marshy sector near the east are being checked and shelled. Other enemy attacks were repulsed. In the mountains in the north the Italians have made a further withdrawal. The advanced posts at Monte Tomaticio south of Feltre were thrown back to positions previously determined upon.

(Associated Press Telegram)
Berlin, Nov. 15.—German troops on the mountain front in northern Italy are advancing to the south from Fonzaso and Feltre, says today's official communication.

(Associated Press Telegram)
New York, Nov. 15.—Indications in today's official news from the Italian front are that the Italian line is still holding on the Piave and on the critical Trentino front while the straightening out process is being continued along the salient between the upper Piave and the Sugana valley on the edge of the Trentino district.

Berlin's statement reports no change along the lower Piave where the Italian reports have shown repeated attempts by the Austro-German forces to pierce the river line and compel its abandonment and the consequent loss of Venice by the Italians. It has been pointed out that every day this line is held counts heavily in Italy's favor as the Anglo-French contingent in Italy will soon be on the fighting line to support the Italian army.

The Rome war office statement today throws a still more favorable light on the situation from the entente viewpoint. The frustration of new attempts by the invaders to cross the Piave is reported while the comparatively small parties which previously had secured a footing on the west side of the river have been held fast virtually in their tracks.

Continuation of the German advance is announced in the hill region south of Fonzaso and Feltre, where Rome concedes the retirement of advance posts to previously prepared positions. It is in this section that the Italian line forms an awkward salient in its east and west extension from the Piave, and there have been indications for several days that the Italians were drawing out of it.

Berlin lays no claim to further advances in the Trentino where the Italians are holding the hill region safely so far against the threat of the drive aimed at the Venetian plain to outflank the Piave line.

All the movable are treasures have been taken from Venice and the cities of Vicenza and Treviso also have been shorn of their works of art in the event of Austro-German success in breaking the Piave line and forcing the Italians to retire to the Brenta or Adige.

COAL SHORTAGE IS
50 MILLION TONS;
CUT OFF ELECTRICS

(Associated Press Telegram)
Washington, Nov. 15.—America's "white ways" will be darkened early tonight. Business thoroughfares in many cities which have blazed with white lights for many years will lapse into comparative gloom at 11 o'clock tonight in compliance with orders of the fuel administration, restricting electric display advertising, using power generated from coal to the hours between 7:45 and 11 o'clock p. m.

There will be no curtailment of the small signs used to identify the place of business, but the wartime fuel shortage makes it necessary to limit the hours during which power will be furnished for the larger signs.

Figures announced by the fuel administration indicates that the coal shortage for 1917 is approximately 50,000,000 tons. Although efforts to stimulate production have increased the output by 50,000,000 tons, wartime consumption has advanced 100,000,000 tons.

U. S. SAILOR BURIED

(Associated Press Telegram)
Sandusky, Nov. 15.—The body of Austin J. Atwood was buried here today. Atwood was one of 11 U. S. sailors who lost their lives two weeks ago when the U. S. picket boat Michigan capsized in the Atlantic. He enlisted in Cleveland last July.

2,000 KILLED IN
MOSCOW FIGHT;
BURN PETROGRAD

Refugees Reaching Sweden Bring Only Reports From the Stricken Country

LITTLE AUTHENTIC NEWS
RECEIVED FROM RUSSIA

Bolshevik Leader Issues a Denial of Surrender of Troops to Kerensky

(Associated Press Telegram)
London, Nov. 15.—Two thousand persons had been killed in street fighting in Moscow up to noon Tuesday, according to reports brought by travelers arriving at the Russo-Swedish frontier, as forwarded in press dispatches from Stockholm.

PETROGRAD IN FLAMES.
(Associated Press Telegram)
London, Nov. 15.—According to press reports from Stockholm, travelers who arrived yesterday evening in Haparanda, Sweden, from Finland say rumors are current there that Petrograd is in flames.

GERMANS HOPE FOR PEACE

(Associated Press Telegram)
Stockholm, Nov. 15.—The German minority socialist executive committee has sent the local newspaper of the Russian Bolsheviks a telegram for transmission to Petrograd congratulating the Bolsheviks on their "seizure of political power."

The telegram expresses the hope that the Bolsheviks will succeed in forcing a peace without annexations.

REPORTS ARE CONFLICTING.

(Associated Press Telegram)
New York, Nov. 15.—Although Petrograd has not been in communication with the Nystad cable station in Finland for several days, reports from Scandinavia persist that Premier Kerensky has gained control of the capital. Reports come also from Sweden that the Bolsheviks maintain their hold on Petrograd and are preparing for a stout resistance against the forces of Kerensky and General Korniloff and Kaledines.

In Moscow the Bolsheviks apparently have been overthrown, an official report received in Copenhagen being to the effect that General Korniloff has taken the Kremlin, where the extremists were besieged several days ago. Another rumor says that Siberia has announced its independence and proclaimed former Nicholas as emperor.

The proposed new inter-allied war council has provoked a crisis in British politics. Challenged in the house of commons yesterday to explain his Paris speech on the needs for such a council, Premier Lloyd George read the terms of the agreement which he declared, made it clear that the council was merely advisory. Formal debate on the interpellation will begin in the house next Monday. Negotiations for the formation of a new French cabinet are proceeding.

DENIES SURRENDER.

(Associated Press Telegram)
Stockholm, Wednesday, Nov. 14.—Lieutenant Colonel Mouraviev, commander of the forces defending Petrograd, according to an undated dispatch from Haparanda to the Dagens Nyheter, has issued the following proclamation:

"Kerensky has circulated a false rumor that the troops in Petrograd have gone over voluntarily to the provisional government. The troops of the free Russian people are not retreating and are not surrendering. They only have evacuated Gatchina in order to avoid useless bloodshed and take a defensive position nearer Petrograd. The position now is strong enough to resist forces ten times as strong as Kerensky's. Our troops are in the best of spirits. Order and calm prevails in Petrograd. Beside the cruiser Aurora the warships Sarg and Svobody, the training ship Afrika and six torpedo boats of the Baltic fleet have arrived from Helsinki and anchored in the Neva near the Nicholas bridge, in the center of Petrograd and where they can bombard the entire capital. Their crews are made up of Bolsheviks."

HIGHWAYMEN KILL
GUARD; GET \$17,000

(Associated Press Telegram)
New Castle, Pa., Nov. 16.—Highwaymen today held up A. D. Farwell, superintendent of the G. W. Johnson Limestone company, while he was on his way from here to Hillsville, Pa., to pay the company's employees, and after killing Tony Sack, a guard, and wounding Farwell, made away with \$17,000.

MARSHAL HELD FOR KILLING.

(Associated Press Telegram)
Sandusky, Nov. 15.—Ex-Marshall Fred J. Masby of Castalia is on trial here on a manslaughter indictment charging that six weeks ago Masby while drunk in an auto ran down and killed Joseph Tremel of Sandusky.

MOTHER DIES OF GRIEF.

(Associated Press Telegram)
Marysville, Nov. 15.—Worry over her son, recently sent to the state reformatory for burglary, caused the death here, yesterday, of Mrs. Phoebe Griswold.

SAMMIES LEARN HOW TO FIGHT WITH FIRE IN FRANCE

French poilus instructing American officers in the use of gas and liquid fire.

In preparation for their work in the trenches our soldiers in France are learning the art of making war with gas and flames. In the upper photograph French soldiers are advancing to the attack. Each operator of the deadly apparatus marches against the enemy with his fire equipment slung across his back and hose nozzle in his hand. In the lower photo the poilus are shown turning the liquid fire on imaginary enemies in the woods on the left, for the instruction of the Americans.

BRITISH WAR EXPERT DECLARES U-BOAT
IS DEFEATED; ALLIED VICTORY ASSURED

(Associated Press Telegram)
New York, Nov. 15.—Arthur Pollen, noted British war expert, has made the following statement to the Associated Press on the submarine war:

"Anything unsatisfactory in the military and political situation in Europe is balanced by the extraordinary news that the German submarine campaign has broken down altogether. The submarine is defeated. This is the most momentous event since the United States declared war. It means we can all stay in and that America can really come in."

"Six months ago shipping was being destroyed, according to some authorities, at a rate of nine million tons per annum. Had this loss continued the Germans had the right to expect, not, indeed, military victory, but a peace that would mean something much less than defeat. This was Germany's only hope, an dit was the allies only anxiety. For every one, including the German high command, knew that with sea communication reasonably safe the military defeat of German arms was certain."

"In the first fortnight of November the rate of loss of British tonnage of ships greater than 1600 tons each has fallen to about one million tons a year. The present shipbuilding capacity of Great Britain alone can make this loss good in less than eight months. At the rate America, Great Britain, and Japan are striving to attain, we should replace this loss in less than eight weeks. The rate of loss for the last week is actually less than the annual toll of wrecks in peace-time. It is an amazing development. It is not to be expected that losses can remain as low as this. They must fluctuate. But they should never cause us serious uneasiness again."

"In face of the revindication of seapower, the greatest war achievement of the British, American, and allied navies in the last three and a half years, we may be sure that there will be a reaction of optimism. For Germany's defeat at sea is final, universal, and permanent; whereas, Germany's successes on land are local, partial, and temporary. And her defeat at sea means that America's share in the war can be, and will be, decisive."

Y. M. C. A. WAR FUND COMPLETED; SUBSCRIPTIONS
EXCEED QUOTA BY \$1191; COUNTRY DRIVE IS ON

Newark has oversubscribed her quota in the \$25,000,000 war fund for the Y. M. C. A. The total subscription for the city is \$16,191.70, \$1,191.70 more than was asked.

That was the report submitted by the division chairman at the noonday luncheon in the Masonic Temple by the workers. The total amounts collected in the two days' campaign, by the various teams as reported by the division chairmen are as follows:

R. S. Weth.....\$1,457.00
W. C. Metz.....1,632.00
K. I. Dickerson.....1,673.00
Carl Dayton.....1,693.75
George E. Pickup.....3,326.25
F. C. Evans.....2,713.20
George Hermann.....2,150.00
L. N. Kreig.....1,630.00

The banner today was captured by F. C. Evans, who secured \$308.70, and he was awarded bonus subscriptions on his sum total for the two days of \$1,000 or the executive committee, which had secured \$6,500 in pledges in advance of the drive and which was distributed among the different teams. Capt. George Hermann was also awarded a bonus of \$500 and Capt. George E. Pickup secured a like amount.

PRO-GERMANS BUSY EVEN IN NEWARK

Y. M. C. A. workers have come across prospective contributors who refused to "come across" because of their belief that the workers got a certain percent of the amount turned in.

This is nothing more nor less than the suggestion of pro-Germans who are using this method in an effort to block the success of the war fund campaign.

Nothing could be further from the truth than the insinuation of this prospect. The Y. M. C. A. campaign workers are not only giving their entire time without cost to the great organization but many of them actually are sacrificing personal business to aid this worthy cause. Only the narrow minded and thoughtless would hesitate to give to the fund for this reason.

was next called upon and made the final report of the team standing and the award of bonuses. He also thanked the workers for their efforts in going over the top. A rising wave of thanks was then extended Mr. Fisher for his splendid work during the campaign.

Roderick Jones, in charge of the country work, was next called upon and reported that his committee was now thoroughly aroused at the apathy exhibited in the rural districts in the effort to raise the quota asked, which is also \$15,000. They have reorganized along new lines, but it will require an extension of time before the amount will be reached. It is believed that just as soon as the people of the rural communities become familiar with the necessity of contributing to the Y. M. C. A. war fund, they will "do their bit" and contribute just as cheerfully as their city brothers.

RURAL DISTRICTS ARE RESPONDING TO "Y" CALL. The rural districts of Licking county are slowly waking up to their part in the war relief drive of the Y. M. C. A. campaign. Beginning with the talks in the county churches last Sunday, meetings are being held nightly this week and township committees formed.

Last night Geo. H. Mosser of the Chamber of Commerce, and Mr. Lechner, addressed a meeting of 50 persons in the church at Linville. The following committee was formed: Thos. Orr, chairman; G. V. Tavenner, C. G. Lawrence, Frank Kroecker, Paul Courson, Ray Orr and James Cochran. They will work with the Brownsville committee and canvass Bowling Green township. The township quota is \$400.

Madison township was organized at the Madison township house last night by C. H. Davis and J. R. Walters. The organization effected was as follows: O. C. McClelland, president; P. C. Bean, secretary; J. P. Lamp, J. C. Spencer, C. W. Moore, F. S. Baker, Cliff Kerr, Frank Danner, O. E. Wise and J. W. Mason. The organization of Harrison township was effected at Kikersville (Continued on Page 2, Col. 1.)

MORE LOSSES SUFFERED

BRUSH WITH GERMANS

Bursting Shell In Trench Killed and Wounded a Number of Pershing's Men—Artillery Fire of Enemy Returned by U. S. Batteries

GERMAN RAIDING PARTY IS LED INTO
AN AMBUSH OF AMERICAN SOLDIERS

Enemy Troop Did Not Wait to Fight But Retreated, Carrying Dead and Wounded With Them—French Officers Compliment Gunners of American Artillery Section For Accuracy of Cannon Fire—All Soldiers Are Anxious For Assignment to Patrol Squads For Work In No Man's Land

(Associated Press Telegram)
With the American Army in France, Wednesday, Nov. 14.—A number of American soldiers have been killed or wounded in the recent shelling of the American trenches by the Germans. One shell which dropped into a trench caused several casualties.

The American artillery fire has been heavy recently and there is good reason to believe that it has accounted for a considerable number of the enemy.

INFLECT LOSSES ON ENEMY

(Associated Press Telegram)
New York, Nov. 15.—American soldiers have carried out a successful ambush of a German party in No Man's Land on the western front, killing and wounding a number of the enemy, while German shells have caused a number of casualties in the American lines.

An American patrol one night recently lay in the mud in wait for an enemy party for which they had arranged an ambush. A German detachment of more than twice the size of the American party fell into the trap. The enemy troops were surprised and did not stop to fight, scurrying away with their dead and wounded. The Americans suffered no casualties.

Artillery firing on the American sector is becoming more active and the Germans have been shelling our trenches heavily. A number of Americans have been killed or wounded, one shell which dropped into a trench causing several casualties. American artillerymen also have been belaboring the Germans strongly and it is believed their shells have claimed quite a few victims.

No casualty list of the American troops under German shell fire had reached the war department today.

ARTILLERY FIRE ACCURATE.

(Associated Press Telegram)
With the Army in France, Wednesday, Nov. 14.—The accuracy of the American artillerymen's fire has evoked enthusiastic comments from the French superior officers of the command in which are the trenches, occupied by the American troops. The general in command told the marksmanship of the artillerymen was excellent comparing most favorably with that of troops which had been at war for years.

The American officers were highly elated by the compliment. The only complaint heard is that a few of the American batteries are not as rapid as they might be, but they are improving daily.

The infantry is now interesting itself especially in patrols. All the men who have not had this experience are eager to try their hand, and some of them have asked to be assigned to this work. It is the unanimous opinion that the men are learning more of the science of war by their short stay in the trenches and gun pits than is possible to gain in months of other instruction. While the infantry is learning how to handle itself in the trenches the artillery, in addition to the actual firing, is acquiring most valuable experience in observation work and locating enemy batteries by the sound method. The heavy guns on both sides are now engaged in a duel at long range, with the lighter pieces working at targets nearer the lines.

Major General Sibert's fifth son is now in the army. Two of his sons are captains, one is a lieutenant and one a West Point cadet, and the general instructed his fifth and youngest son to keep away for the present. He has been advised, however, that his youngest felt he could keep out of the army no longer. He has just enlisted as a private.

Private Hoyt D. Decker; W. F. Decker, Vincennes, Ind. The casualty reported as Private Harry R. Langham should be Private Harry R. Laughman; Ada Laughman, 481 Oak Boulevard, Chicago.

The missing private reported as Dewet D. Kern, is Dewey D. Kam, mother Mrs. Eva Tilton, Collins, Iowa, and has been accounted for.

SPY BETRAYED HIS
NATIONALITY; WAS
CONVICTED AND SHOT

(Associated Press Telegram)
A Pacific Port, Nov. 15.—The story of how a German spy betrayed himself, was told today by Dr. M. A. Jeller, a passenger on a steamer that has arrived here from Europe.

On the way out, Dr. Jeller said, there was a passenger on board of charming manners who spoke English, and went by the name of Forbes. He showed an unusual interest in military matters and took photographs while passing through the Suez canal.

Forbes claimed to be Scotch, but Dr. Jeller said that during the journey across the Red Sea, he suddenly asked Forbes, in German, where he was born. Forbes sprang to his feet and, also in German, asked the doctor what he meant, as he was an Englishman.

When the steamer put in at Colombo, Ceylon, the doctor saw Forbes making sketches and informed the British authorities, who took the man into custody.

Dr. Jeller said he had since learned that Forbes was tried, convicted, and shot.

DEAN OF U. S. DIPLOMATIC
CORPS DEAD AT CAPITAL

(Associated Press Telegram)
Washington, Nov. 15.—John W. Foster, former minister to China, dean of the American diplomatic corps, and father-in-law of Secretary of State Lansing, died here this morning after a long illness. He at one time was secretary of state.

The immediate cause of the venerable diplomat's death was an asthmatic trouble, although his advanced years and failing health had given his family great concern for more than a year.

Funeral services for Mr. Foster will be held here Friday and the burial will be at his old home, Evansville, Ind.

CINCINNATI NEARS GOAL. (Associated Press Telegram)
Cincinnati, Nov. 15.—The drive to raise \$500,000 for the Y. M. C. A. war fund reached \$494,744 here early today. The drive for the needy of Cincinnati and Cincinnati social agencies held in connection with the Y. M. C. A. campaign reached \$124,956. The latter's minimum has been set at \$250,000.

VILLA FORCES TAKE OJINAGA; GARRISON FLEES TO PRESIDIO

(Associated Press Telegram)
Piedra, Tex., Nov. 15.—Francisco Villa's forces are today in possession of the Mexican town of Ojinaga, having captured it last night after a two-hour battle with the Mexican federal troops, who finally fled to the American side of the Rio Grande and surrendered to the United States troops in command of Captain Theodore Barnes.

General Juan Espinosa y Cordova, who was in command of the Mexican federal troops, said the fighting was hand-to-hand in the streets of Ojinaga, and that many on both sides were killed.

The Mexican federal troops who crossed the border and were interned in the Presidio army camp number 300. The rest of the Ojinaga garrison, estimated at 200, are missing and are supposed to have been killed or captured.

Villa troops, under command of Martin Lopez, are said to have numbered close to 1000. Wholesale executions were expected to occur today when the Villa commanders will wreak vengeance upon the enemy prisoners.

Mexican history repeated itself last night as just four years ago Villa took Ojinaga by assault from the Huerta federalists.

General Cordova wept as he surrendered his silver-mounted sword and pistol to Captain Theodore Barnes, and the spirit of the entire Mexican command were broken. Villa was not definitely located, although he was reported to have been seen yesterday. The report stated that he was wearing a full beard and was mounted on a big white mule.

One of two Americans, who operated machine guns for the federalists, was killed in the battle. The other American disappeared.

Reports which gained currency yesterday that Villa had executed Martin Lopez, commanding troops in Villa attack on Ojinaga, were found to be unsubstantiated today. Villa, according to the reports, was angered at Lopez's failure to press home the first attack upon Ojinaga early yesterday, and had ordered him shot.

It was estimated today by Mexican Consul Gosme Benquechea, that more than 200 were killed on both sides.

The government forces suffered the heaviest losses because of the wounded being executed after being left behind. The Mexican commanders claimed to have been short of ammunition, but they brought over the border thousands of rounds.

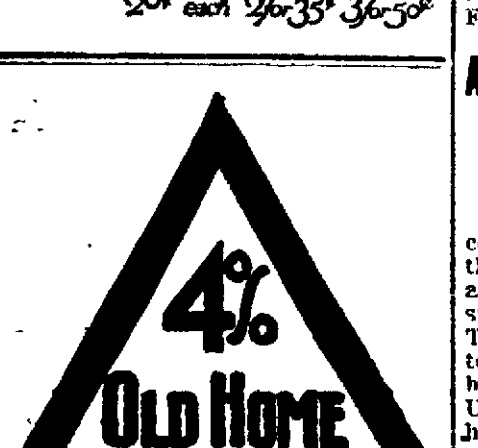

Y. M. C. A. WAR FUND COMPLETED

(Continued on Page 2, Col. 1)
last night with Rev. Mr. Mitchell as chairman; Chas. B. Wyler, secretary; C. H. Emswiler, treasurer.

The program for tonight's meeting follows: Monroe township at Johnston; Lima township at Pataskala; Newton township at St. Louisville; Mary Ann township at

Going "Over
The Top"

Soldiers never "go over the top" to meet the enemy without strong reserves in the trenches to back them.

Neither should you "go over the top" to meet the difficulties of every-day life without a handy reserve of ready money in this "Old Home."

A savings account here earning 4 per cent will give you the right sort of backing.

THE HOME BUILDING ASSOCIATION COMPANY
OF NEWARK, OHIO

Mary Ann; Licking township at Fleatown; Harrison township at Outville.

Y. M. C. A. CAMPAIGN NOTES.
The S. S. Kresge Columbus store gave \$1410 to the Y. M. C. A. fund. The Newark store contributed \$200. Columbus has passed the half way mark in its drive for \$260,000 for the Y. M. C. A.

The Logan Natural Gas company has given \$5,000 to the Y. M. C. A. fund.

One need not wait to be solicited to give to the Y. M. C. A. Just send your contribution to Harry Scott, treasurer.

The Licking county village and country precincts are now being organized for the Y. M. C. A. campaign. It is just as much the duty of the country districts to raise \$15,000 as it was the city's duty to do so. The Newark people responded quickly and gladly and without doubt the country folk will also do so.

Contributions to the big Y. M. C. A. war fund topped the \$10,000,000 mark yesterday. Based on telegraphic reports from all sections of the country the official estimate given out was \$9,900,000. In addition U. S. Ward, international secretary announced two contributions, which added another million to the fund. One of these was from Cleveland H. Dodge, for \$500,000 and the other from Arthur Curtiss James for \$500,000.

Y. M. C. A. stands for "Young Men's Christian Association. The letters also stand for "You Must Come Across."

10,000 POUNDS OF CORN SUGAR FOR SATURDAY TRADE

F. E. Diegger, local representative of the G. W. Bobb Co., Columbus, wholesale grocer, announced this afternoon that he would have 10,000 pounds of corn sugar here Saturday to relieve the local sugar famine.

Corn sugar is a byproduct of Indian corn and can be used for every purpose that cane sugar is used for. It is not quite so sweet as the cane product.

Mr. Diegger declares that this sugar has been used for years by bakers and that it can be secured in limited quantities. It retails for about 3 cents per pound.

PALESTINE ARMY MAKES FURTHER ADVANCES

(Associated Press Telegram)
London, Nov. 15.—The junction point of the Damascus-Beersheba railway with the line to Jerusalem is now in the possession of the British army in Palestine. It was officially announced today. The railway line to the vicinity of Na'aneh and El Mansurah came into British possession as a result of the continued advance of General Allenby's infantry and mounted troops. The Turks lost 1500 men in prisoners and more than 400 in dead on Tuesday, besides four guns and a score of machine guns.

PHILADELPHIA'S MAYOR EXONERATED BY COURT

(Associated Press Telegram)
Philadelphia, Nov. 15.—Mayor Smith was cleared of all connection with the political conspiracy which resulted in the killing of a policeman here on primary election day, in an opinion by Judge Martin today in quarter sessions court. But the mayor was held under his own recognizance, to await the action of the grand jury, with William Finley, a political lieutenant of the Vares, on the technical charge of conspiracy to murder. Finley's bail was reduced from \$10,000 which was originally imposed to \$500. The decision was in connection with habeas corpus proceedings brought on behalf of the mayor and Finley.

ALIENS HAVE REASONABLE TIME TO HUNT NEW HOME

(Associated Press Telegram)
New York, Nov. 15.—Federal officers here today decided to revoke the order demanding that enemy aliens move from the water front streets of this city within 24 hours. They will be given reasonable time to obtain new places of residence, but must report to the office of the United States marshal, McCarthy, and have their permit cards stamped.

SWISS ART CIRCLES ASK PROTECTION FOR ART CENTER

Geneva, Nov. 15.—The emperor and empress of Austria-Hungary are appealed to by the Journal De Geneve to save Italian art treasures in a petition which is circulating among art lovers in Switzerland for signatures before forwarding to Vienna. The appeal describes the treasures as the common patrimony of civilized humanity. Damage to them, it says, would cause profound sadness to the whole world and bring unanimous reprobation.

MRS. L. B. WING DIES.
Mrs. L. B. Wing, a former resident of Newark died this morning in Columbus. The body will be brought to Newark for funeral services Friday afternoon at 2:30 o'clock at Trinity church.

WHALE AND SHARK FURNISH LEATHER AND MEAT SUPPLY

(Associated Press Telegram)
Washington, Nov. 15.—Whale meat as a chafing dish and shark and porpoise skins as leather luxuries are growing in favor with the consuming public according to the fisheries service today.

The appetite for whale is gaining ground and 247,000 pounds of it was marketed by one North Pacific concern to the people of San Francisco and Seattle this year. Another company wants to hunt whales through the winter months in the waters off southern California in order to supply the demand. The government is encouraging the use of whale meat for food. It is also furnishing skins of sharks and other aquatic animals to experimenters and more than forty tanneries already have tried utilizing them. Fishermen are being urged to furnish tanneries with these supplies of raw materials.

SALVATION ARMY'S PART IN WAR WORK SUBJECT OF SPEECH

Brigadier William Hunter of Pittsburgh is a visitor to the local post of the Salvation Army today. Brigadier Hunter holds the responsible position of secretary for war work of the Salvation Army for the states of Ohio, Pennsylvania, West Virginia, Kentucky and Tennessee, as well as having the oversight of the army Sunday school work in the same territory. This evening, Mr. Hunter will speak on the part the Salvation Army is playing in cannon and on the battle fields of Europe. The general public is invited to attend. The army hall is now located at 49 North Fourth street. Service will start promptly at 7:30 o'clock.

CLEMENCEAU AGAIN IN FRENCH CABINET

(Associated Press Telegram)
Paris, Nov. 15.—Former Premier Clemenceau has agreed to form a new cabinet.

ONLY SIX SHIPS ARE SUNK DURING WEEK

(Associated Press Telegram)
New York, Nov. 15.—Germany's submarine campaign apparently is losing its effectiveness as British losses during the past week were only one ship over 1600 tons and five under that weight. This was the poorest week the submarines have had since the beginning of ruthless warfare in February. The lowest previous week was that ending on November 4 when 12 vessels, including eight of more than 1600 tons were lost. The best week for the Germans was that ending April 22, when 55 vessels—40 of more than 1600 tons and 15 of the lesser category—were sent down.

HUSBAND INDICTED FOR MURDER OF TIFFIN WOMAN

(Associated Press Telegram)
Tiffin, O., Nov. 15.—Walter O. Bingham, Attica garage proprietor, must stand trial on a charge of first degree murder for the death of his wife, Mary E. who was stabbed through the heart, August 23.

Bingham asserts that his wife committed suicide. An indictment returned yesterday alleges Bingham did the stabbing and that he also strangled her.

RELIEF FOR CHINESE.

Washington, Nov. 15.—The American Red Cross, through the Civilian Relief Department, is administering relief to the sufferers from the recent Tien-Tsin flood, which swept over twelve thousand square miles of territory, made one million persons homeless, and wiped out crops and other property to an approximate value of \$100,000,000. Relief funds to the amount of \$125,000 already have been made available for use, through a committee of Americans, of which the United States Minister to China, Paul C. Reinsch, is Chairman; and of which Roger Green, of the China Medical Commission of the Rockefeller Foundations the Executive, by special designation of the American Red Cross.

LONG RUN

Christian Endeavor next Sunday at 7 p. m. Topic: "Our Denominational Foreign Mission Boards: Their History and Achievements." Everybody welcome.

Mr. and Mrs. T. S. Coon and daughter Lelia, and Mr. and Mrs. Henry Hillery and son Gerald, spent Sunday with Mr. and Mrs. Clive Davis of Utica.

The nurse, who was caring for O. V. Danielson, returned to her home in Newark, Saturday.

A. J. Billman visited on Sunday with his aunt, Mrs. Eliza Nesbitt, who has been ill.

Mrs. Thurman Willey and son Ernest, of Rocky Fork, visited from Saturday till Monday at the home of John Willey.

Mrs. Jas. Herrold and daughter Mary, called on Mrs. Henry Hillery, Friday.

SMALLPOX SPREADS SAYS WARNING BY OHIO HEALTH BOARD

(Associated Press Telegram)
Columbus, Nov. 15.—A smallpox warning was issued today by State Health Commissioner A. W. Freeman. The disease is increasing, according to Dr. Freeman, who pointed out the danger of its growth to a point where, in industrial centers, it might hamper munition production.

Statistics for October, just compiled by the state health department put the total number of smallpox cases at 416, as compared with 195 in October, 1916, and 92 in October, 1915. Most of the cases are mild. Dr. Freeman declared, and in some instances have been diagnosed as chickenpox although chickenpox is said to be rare in adults. The influx of southern negroes is believed responsible for the epidemic.

CAMOUFLAGE NOT NEW U. S. ARTIST DECLARES

(Associated Press Telegram)
New York, Nov. 15.—Camouflage is as old as Maximilian Toch, adviser to the United States government in the art, told a meeting of artists and architects here last night. "It saw its birth in the day of the ancients," he said. "You all know how the Greeks captured Troy by the strategy of concealing warriors in the wooden horse." He said "Shakespeare wrote of camouflage, too, in Macbeth. Confederate soldiers in the Civil war were camouflaged by their uniforms of gray that blended with the dust of highways." Mr. Toch explained.

The navy department engaged Mr. Toch at the outbreak of the war, to lessen the visibility of important naval stations. The artist explained that since then he and a staff of fellow-workers have been making visible objects as nearly invisible as possible. He said one important center was camouflaged only after 60 experienced men had worked four weeks.

INSURANCE MAN ARRESTED.

A stride to the top in one year This is the record of Firestone SUPER CORD TIRES

TALK to the users of Firestone Super Cord Tires wherever you see them. They have a message worth many dollars to you. Lower cost per mile in tires and gasoline counts big these days, so here, there, everywhere Firestone Super Cords have become the goal of motorists.

These are Firestone Super Cord features that produce extraordinary performance. Numerous walls of stout cords. Pure gum separates cords and prevents friction. Extra thick cushion layer of pure gum under tread absorbs shocks and protects inner body of tire. Tough, thick, resilient tread.

Bead, which holds tire in rim, strongly reinforced, as is also the side wall. Hinge or bending point of tire thrown high where strain has least effect. Result, Most Miles per Dollar.

Another step forward in Firestone FABRIC TIRES

THE outstanding feature of all Firestone accomplishments is continuous advancement. Firestone never stands still. Here are the definite improvements: Tougher Tread; More Cushion Stock; More Rubber Between Layers; Reinforcement in Side Wall.

See cross section of tire at your dealer's. A brief explanation will convince you that Firestone on Fabric as well as Cord Tires means Most Miles per Dollar.

That motorists find extra values in Firestone Tires is proved by the fact that our sales increased 72 per cent this year up to September 1st. Our total business this year will exceed \$60,000,000.

CAMP SHERMAN NOTES

(Associated Press Telegram)
Camp Sherman, Chillicothe, O., Nov. 15.—It is the opinion of French officers now here as instructors that Camp Sherman's army of Ohio and western Pennsylvania selective draft soldiers will be ready for foreign service in four months.

While that does not necessarily mean that the eighty-third division is to move, sometime in March or that the men will be ready for immediate action, it does mean that the men will be ready so far as work that can be done on this side of the Atlantic is concerned.

The impression prevails among officers here that there is strong probability of a spring movement. While there is nothing to back that belief save "impressions," it nevertheless is the feeling in camp. Incidentally, the intensive training program of 16 weeks that started in October will be finished in February and thereby may hang a tale. It is not reasonable to suppose that the men will be moved from here earlier than early spring, and it is reasonable to suppose that they will leave here when weather conditions training, seasoning and preparations are more favorable than could possibly be expected in four months.

Once in France the selects will go through another and very rigid course of training under leadership of French and English officers just as has "Black Jack" Pershing's expeditionary force. By late summer or early fall, these national army troops would be ripe to spring in and take part in the great battles that have been waged in the three years and more of the war—and not be forced to go through a winter of comparative inactivity.

Camp Sherman's population of 36,000 is ready for the call whenever it comes. If there ever was a bunch of men anxious to get "over there" it is this bunch in Camp

Sherman. Now that they are on to the rudiments, talk of "moving" is becoming more and more prevalent. Each week brings increased interest in the doings in France and along with it, increased interest in the way home.

Practically every infantryman has had his turn at trench-digging. That means that the great majority of four regiments of infantry and nine depot or training battalions, or more than 15,000 men, have learned what "digging in" means. They know how to construct trenches that they are very soon going to live in and they have learned what trenches are like, what parapets are and the many other things that one reads of in European war dispatches but never sees in this country.

Nearly all battery members of the two light field artillery regiments have practiced fighting formations about real three-inch field-pieces and they have had a turn at handling, studying and being around pieces that resemble very much the famous French 75s that they are going to turn on the Hun before many months.

Men in the heavy artillery have taken a swing at fixing gun emplacements and pits and are anxiously awaiting the arrival of some Russian guns that this week's announcements have on the way here.

French officers and non-commissioned officers have put in their first week helping along with the training. The rudiments of the automatic rifle have been taught. A grenade field has been mapped out and trenches made in it. Field fortifications have been explained to many. Bayonet exercises have been taken up by a number. Bomb-throwing is being improved upon. Organizations are becoming more complete in make-up with appointments of many non-commissioned officers and addition of new men.

ALL WRONG

The Mistake Is Made by Many Newark Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Newark resident tells you how. Geo. Land, proprietor drayage business, 25 Buena Vista street, says: "I had just recovered from an attack of the grip, which left my kidneys in a weak and disordered condition. In the dray business I have more or less heavy lifting to do and one day while stooping down to pick up something, I was seized with sharp, shooting pains across my back that kept me in misery for several days. My kidneys were weak and I had to get up several times at night. The kidney secretions were highly colored. I went to the City Drug store and got a box of Doan's Kidney Pills and used them. The pains in my back ceased, my kidneys got back to a normal condition."

STORY OF SEADLER READS LIKE FICTION; VESSEL IS WRECKED

(Associated Press Correspondence)

Washington, Nov. 15.—The full story of the cruise of the German commerce raider Seadler has been obtained by the Navy Department from Captain Haldor Smith of the American schooner R. C. Slade, and other marines who landed at Tutuila in an open boat September 23, after being marooned on Mopha Island by the master of the Seadler when the raider grounded and was abandoned.

The Seadler, formerly the American ship Pass of Balhaha, belonged to Boston Lumber Co., and was in the Nova Scotia trade before the war. After the war broke out she was put under the American flag and was captured by the British and a prize officer was put aboard her with instructions to take her to Kirkwall, Scotland. On the way, she was captured by a German submarine and sent to Bremen, and fitted out as a raider. A picked crew was placed aboard, some of whom spoke Norwegian, and sent out into the Atlantic under the guise of a Norwegian ship.

The ruse worked so well that after leaving Bremen on December 21, 1916, the Seadler was held up by the British auxiliary cruiser Highland Scot, examined and passed. Sailing Scot's identity was issued by the Norwegian Government, which furnished the men, although they probably were taken from captured Norwegian vessels and given to the men who seemed to fit the descriptions given. These, together with pictures of Norwegian kings and queens, gave the ship the appearance of a Norwegian.

Captain Smith learned that while cruising in the Atlantic, thirteen ships, valued by the Germans at 60,000,000 marks, were captured, and four in the Pacific, the R. C. Slade, the American schooner A. B. Johnson, the American schooner Mallia and the French schooner Lutèce.

Retelling the story of the capture of his ship, the Slade, Captain Smith said: "I left Sydney on April 24, 1917, and proceeded without any incident until the evening of June 17, when I was in latitude about 2 north and longitude 157 west. On the evening of June 17, about 5 o'clock, the second mate reported to me that a ship was firing on us. I went on deck and looked aft, and instantly, as I came on deck, they fired again, and I saw the shell fall short about 2 miles. She was about 3 miles off. There was a heavy squall starting to eastward—wind favorable to this time—and I thought it possible to get away and kept holding on. But she kept firing on me at intervals of about 5 to 10 minutes, and was coming up on me fast.

"The ninth shot fired about 6 o'clock, struck very close, passing the poop and splashing water on the ship. Then I concluded that there wasn't any use, and I lowered down sparker, cleaved down topsail, hoisted American flag, and hove to. About 7 o'clock the raider was up alongside and asked what ship. I told him what it was, and he told me to lower down sails, and stand by, and he would send an officer aboard me. Shortly after, the prize officer came aboard and a doctor and about 10 men. These officers wore uniforms. They told me to leave the ship and to go on board the raider, and they would give me time in the morning to pack my clothes.

"They took all our men aboard the raider except the cook. Next morning I went back on board with all my men and packed up. We left the ship with our belongings, June 18. We were put on board the raider that they cut holes in the masts and placed dynamite bombs in each mast and put fire to both ends of the ship and left her. I saw the masts go over the side and the ship was burning from end to end, and the raider steamed away."

Captain Smith said the raider was a full-rigged ship of steel or iron, about 2,300 tons, propelled by oil-burning engines. Her captain was Felix Graf von Luckner, Active Captain-Lieutenant, the First Lieutenant, Alfred Kili; Prize Officer, Richard Pless. There also was a chief engineer, a navigating lieutenant, a mate and a doctor. All told, her complement was 68 officers and men.

Mounted between decks, she carried two 4-inch guns (10.5 centimeters) and two machine guns. The name on her bow was Irma.

When the men from the Slade arrived aboard the raider they found nine prisoners from the American schooner A. B. Johnson, of San Francisco, captured three days before. On July 8, Smith said, the schooner Manila was captured and dynamited after the ten officers and men had been taken off. Aboard the Seadler, he said, was a Hollander who had been taken off the first ship captured and was kept aboard because he had made an insulting remark to the captain about German money.

For about three weeks the raider kept beating up and down looking for passing ships. Meeting none, they went south. Mopha Island, July 21 anchored on the left side of the island and on August 2 the ship was driven hard and fast ashore. The three American captains had gone ashore with the German officers on a picnic, and the prisoners were left on the ship. Cannon were fired to tell the party the ship was in danger, but when they returned they found the propeller twisted on the coral reefs and the vessel beyond help.

After working all afternoon they gave her up as lost and took ashore everything they could move, including the boats, gear and wireless. The wireless plant, a very powerful one, was set up between two cocoanut trees. It was equipped with sending and receiving apparatus and without difficulty they were able to hear Pago Pago, Tahiti and Honolulu.

On August 23, Captain Smith related, the German officers fitted up and armed a small boat and started for the Cook Islands or the Fiji

Islands, where they hoped to capture an American ship and come back for the crew. Count von Luckner, the master, was in charge. They were never heard of again at Mopha Island.

After their departure, wireless messages in code from Pago Pago to the American consul were intercepted and the German crew believed the Count had been captured. On September 5, a French trading schooner from Papeete, the Lutèce, put in at the island. First Lieutenant Kling took a motor boat and machine gun and captured the ship. She had a large cargo of flour, salmon and beef and a supply of water. Kling and his crew dismantled the wireless plant and left the island in the Lutèce that night, leaving 48 souls, including the Americans, the crew of the French trader and four natives of the island. Scant provisions, and bad at that, were left them. Besides these, they found a few coconuts but the great number of rats on the island destroyed them. There was plenty of fish and turtles.

A small boat had been left behind and the marooned men fitted it up. The captain of the Manila with a small crew started out in the boat for Tahiti on September 8. They failed to reach Tahiti and returned exhausted on September 16. Captain Smith with three men took the small boat and managed to reach Pago Pago ten days later.

Captain Smith said that after the Seadler was abandoned, the Germans used dynamite to destroy the ship's masts so that passing vessels might not sight them. They were un-

able to sink the Manila as she was loaded with lumber and the derelict now probably is a menace to navigation. Although the Seadler may be a wreck, it is possible that her guns still are in position to use.

Forty-four persons still are on Mopha Island, but Captain Smith said they were not in immediate danger of starvation. There are turtles and fish on the island, he said, and the water, while brackish, is not dangerous. The only danger, he said, is of sickness. One man had gangrene when he left. Some medicine was left, but he doubted that the survivors knew how to use it.

Recent dispatches indicate that the captain of the Seadler and five of his crew were captured on September 21 off the Fiji Islands by a British constabulary. What became of the men who left Mopha Island in the Lutèce is not known.

ABOLISH TRAIN LUXURY.

The government has suggested that as the equipment of trains necessary to take care of travel would be increased, that many of the luxurious cars run in the high class trains of the big trunk lines used merely for entertainment of the passenger and not altogether necessary for his comfort, could be eliminated and other cars substituted which would give more room and accommodate more passengers on the trains. This suggestion has direct reference to club cars and observation sleeping cars which are used only for the pleasure of those who can afford paying for them.

You will get more for a ten dollar bill here tomorrow than you can imagine.

HOW MAGNESIA HELPS DYSPEPTICS

To Neutralize Stomach Acidity, Overcome Food Fermentation, Gas, Stop Indigestion.

Many dyspeptics have now discontinued the use of expensive patent foods and starvation diets, are eating what they please in reason, yet no longer take harmful drugs, medicines and artificial digestants to relieve their stomach trouble. Instead they just take a teaspoonful of pure Bismarck Magnesia in a little water after meals, with the result that they not only save money but enjoy much better health and the stomach no longer gives them trouble.

Those who have once tried Bismarck Magnesia never dread the approach of meal-time because they know that this wonderful anti-acid and food corrective, which absolutely does not injure the stomach and which can be obtained at little cost at any reliable drug store in either powder or tablets, will instantly neutralize all their excessive stomach acidity and prevent all possibility of their food souring or fermenting in the stomach. Try this plan yourself, but be sure to get Bismarck Magnesia as magnesia in other forms often have a strong laxative effect which is not desirable.

SMART SHOE STYLES FOR FALL & WINTER

A customer came in recently and said: "I've needed high shoes for a month, but I've put off buying because it's such a job to break in a new shoe."

Now, if that's your worry, forget it. Come here and select any one of the smart styles that please you. The shoes we sell need "no breaking in." The answer is easy:

WE FIT THE FEET PROPERLY

All kinds of shoes for all kinds of weather.

The fall rains and cool winds are with us. High shoes are the sensible footwear. They are good insurance against winter colds.

For prices we can promise that you will find real "dollar-for-dollar" value in every shoe in our store. Men's shoes were never more snappy than this season's showing.

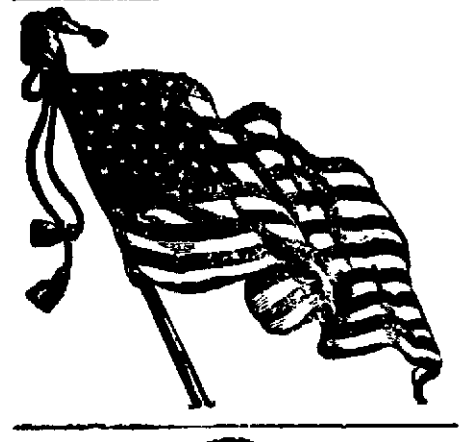

Women's and misses' fall footwear in handsome leather and patterns, dark-tan, low-heel walking shoes, the big hit of the season.

BELGIAN ORPHANS.

The American Red Cross is assisting in caring for Belgian orphans who were carried by their captors into Germany and who are beginning to be released. The first groups, consisting of 500 children each, have been received back into the allies' territory.
The return of the first liberated orphan-prisoners in Belgium is reported in a cablegram from the American Red Cross commission to France. These homeless children, sick and under-nourished, all between four and 13 years of age, will receive the best possible care from the American Red Cross, which recognizes in them Belgium's hope for its coming generation. The cable says:
"The Red Cross is aiding the work of the queen of the Belgians for the children of her country. Thousands of under-nourished, sick and orphan children are in Belgium today, and a home and care must be provided for them. The Germans are willing to allow some of these children to be sent out of the country.
"Twenty miles from Limoges in the southern center of France, on a hill outside of a little town called Troche, stands the famous monastery of La Grande Chartreuse, unoccupied at present. The climate there is wonderful. Roses bloom all the year round. There is plenty of fresh running water. The buildings are superbly placed and strongly built, including all kinds of construction adapted to housing, feeding and providing for more than a thousand people. Permission was given to use this place for the Belgian children, and it was rented from the government by the Red Cross, which supplies the funds for the work, while the personnel and management are provided by the Belgian committee.
"On October 15, the first 500 little Belgian boys and girls between four and 13 years old, arrived after their long trip through Germany, and a week later 500 more, all collected by the Committee de Secours National de Belgique. In this wonderful old monastery the Red Cross hopes to bring back to life and vigor these children, in whom lies the hope of Belgium."

THE HUNTING SEASON.

The fall of the year is a time when the thoughts of many men turn to the woods. Our people have been so intense over the war that the usual number of sportsmen will not go out this fall. The young men who used to be in the field for anything from a rabbit to a deer are getting ready to try their skill on bigger game. But the crack of the rifle and the shotgun will still be heard. Many men as usual will go a great many miles to get their chance at the diminishing store of wild game.
The owner of timber and the farmer dread these incursions of town-bred people into the woods. Lands where once the game-seeker and the camper could wander freely, are now forbidden to the public. It is regrettable to have limitations thrown about this enjoyment of wild-life. But camping parties are so notoriously reckless that it has been inevitable.
Town-bred people do not realize how easily a fire will start in wild country. Dead leaves, pine needles, and dry brush turn the ground into a tinderbox. You can go over a campfire and stamp out every visible spark, and yet there will be fire left that will often eat its way along to highly-inflammable material. The only safe way is to give a campfire a thorough soaking with water.
This loss of timber by fires increases the cost of lumber and its one cause of the high cost of building houses. Every man who enters the woods this fall should keep this in mind.
Also, don't fire your gun every time you hear or see something move in the bushes. With the present ratio between game and sportsmen, the chances are even that it is another hunter. If you must shoot this kind of game, enlist in the army.
IN THE ARMY CAMP.
The life of our army camps must have many humors, and the men are not probably too serious to see them. For instance, a prominent physician in one of our cities has volunteered to go with the medical corps. He is a man of about 50 years old, of much dignity and position in his hometown.
When last heard from he wrote home that he had been busy washing windows. It seemed to him that that was not what he came to that camp for, and that less costly help could have been secured for that job.
It certainly seems like a lack of classification. Treating shell, bullet, and bayonet wounds is quite a different proposition from nursing fevers and treating children's diseases. One would say that some competent surgeon with field hospital experience should have been ready at that camp, and that the new volunteer physicians should have been spending all their time learning what is almost a new profession to them.
Yet it has been some proposition to get these camps straightened out in such haste. Labor is more than scarce. The reason this doctor had to wash windows was, no doubt, that no one else could be found to do it. He should not undervalue the service he gave when he wielded that mop and sponge with athletic vigor. The windows had to be washed certainly, before much medical study could go on inside.
The incident suggests how all sorts and conditions of men must set aside all ideas derived from their old life, and come down to first principles and primitive conditions. Millionaire's sons will dig trenches and carry off refuse along with the bootblack's boys. It must strengthen a man's self-reliance to feel that he can adapt himself to any form of life, and get along without conventional comforts and menial service.
The Y. M. C. A., according to the Columbus Dispatch, now stands for "You Must Come Across." The people of Newark are "coming across" in patriotic fashion and we hope that the people of the country precincts will follow their good example.
The people who couldn't take the Hoover food-pledge because it calls on them to eat something new, are about the same ones who have always complained at having to eat the same old stuff.
The Licking county country districts "put it over" Newark in the recent Red Cross campaign, but the city people have set a mark for their rural friends in the Y. M. C. A. campaign this week.
The Newark men who have given their time as well as their money to make this week's Y. M. C. A. campaign a success deserve congratulation. They have done admirable team-work.
It seems mighty strange to the pacifist college professors that they can't devote their energies to undoing the things that the college that hires them is trying to accomplish.
The people who are running the shipbuilding program are respectfully reminded that an army can't fight with munitions reposing in large pine boxes on the New York docks.
The fact that a young man couldn't pay \$1 a week for a Liberty bond doesn't prove that he couldn't enjoy frequent \$5 blowouts with the sporting crowd.
Some people couldn't buy a Liberty bond because the money is so very safe in the knothole under the attic stairs.
For the boys at the French front Christmas packages should be in the mail by tomorrow.

PEACE OF THE PACIFIC.

(Chicago Tribune.)
The exchange of views between the state department and the Japanese government, through its distinguished emissary, Baron Ishii, is perhaps the most important development in the politics of the far east since the fall of the Manchu dynasty.
Both governments deny any purpose to invade the sovereignty or violate the integrity of China. Both announce once more their adherence to the doctrine of equal trade rights in China and their opposition to attempts by any power to obtain special advantage for its nationals at the expense of the other nations.
At the same time our government recognizes the special interest of Japan arising from the proximity of China.
We do not see that the latter principle can or ought to be denied by us. It is just as reasonable and will have the acquiescence of the nation. We assert the same principle respecting Mexico and the Caribbean. We see that Japan cannot afford to allow the weakness of China to be exploited by rival nations to the possible endangering of Japan and to its commercial or other disadvantage any more than we could afford to have Mexican weakness exploited by rival nations.
We may hope that we are about to enter upon an era of fair play and profitable accommodation in the Pacific. The explicit admission of Japan's special position ought to allay some of the resentment cherished against the United States in Japan because of our somewhat uncertain and not always consistent policy respecting China.
On the other hand, Japanese "imperial necessity" or ambition must continue to impel her government to continue her pressure in China and we are very foolish if we allow optimistic generalizations to obscure the real course of events. The outlines of principle drawn in the Lansing-Ishii exchange must be filled in by action which in diplomacy as elsewhere speaks louder than words, even the word of governments. If China is forced to grant the so-called group 5 demands of Japan she will have surrendered her independence in reality, for her military power will be entirely in the hands of Japan. Her sovereignty might not in such case be technically violated. Her geographical integrity would be intact. The "open door" would be wide open, but there would be a Japanese sentry on the threshold.
Let us not lose sight at any time of the fundamental principles which at this stage of world organizations must underlie and give whatever value diplomatic agreements possess. These agreements do not derive sanction from on high. They are not automatic. If America is strong enough to support self-respectfully her rights, they will be respected by other countries. As the Tribune has said repeatedly, what is desirable as a peace founded not on the weakness which tempts aggression, but on the strength which commands respect. The mobilization of the war power of the United States makes a good understanding with Japan easy. If that power is not allowed to relapse into the impotence of the past there is little likelihood that our interests cannot be accommodated. They are not necessarily hostile.
THE CANADIAN CONSCRIPTION LAW.
(Columbus Dispatch.)
The Canadian conscription law is a little different from our own. At least the government is proceeding under it in a different manner in the matter of making selections for the army.
The men of Canada—all of them—are conscripted and divided into classes. Class 1 consists of all able-bodied men between the ages of twenty and thirty-four, who are unmarried or widowers without children. In the event another class is desired, it will be Class 2, consisting of married men who have no children and whose financial condition is such that the wife will not be dependent when the husband goes to war. But it is not believed it will be necessary to call any other class than the first.
Already these Class 1 men are selected and have been examined. There were 125,000 of them, and that number, with the volunteers now under arms, will be all that Canada will have to furnish for some time to come, although in the medical examinations nearly fifty per cent—or, 62,000, to be exact, were exempted for physical reasons.
Canada has sent half a million men to Europe, and still has something like a hundred thousand in training at home. These newly conscripted men are to be used only in the ranks as they are depleted. No new organizations will be created out of the selects.
But every man in Canada knows to what class he belongs. He has already been conscripted to that extent. There is no longer any uncertainty about it, and the whole dominion seems satisfied with the way the work has proceeded. Our own government will probably follow the Canadian idea to some extent, in the event a further draft is made.
DON'T PUSH US TOO FAR.
(Pittsburgh Gazette Times.)
"Were there many pacifists in Germany?" Mr. Gerard was asked. "They are all dead, now," he answered, a significant smile flitting across his lips for a moment. "Pacifists are traitors, you know."
We excerpt the lines above from an afternoon paper report of an interview with the former United States Ambassador to Germany. It was from Mr. Gerard's purpose to intimate a threat, not have read anything more directly suggestive since the beginning of the war? For 40 years Germany made preparation for the world war her chief concern and business. She "got the jump" on all her foes. She was as far ahead of them in training for the fray she set the pace at all points. The Allies actually had to go to school to Germany to make their warfare effective. Revolted as the German methods are,

THE NEWARK DAILY ADVOCATE

many of them had to be adopted by thought, but Germany could be fought only with German methods. Many of the Allied war measures are products of sinister German ingenuity. The Kaiser clique in its far-sightedness did not overlook even the pacifist menace, the home backfire against war success. No mercy for pacifists, was foreordained. "Pacifists are traitors, you know."
It is a horrible thought that Mr. Gerard's report compels. We have not finished taking lessons from Germany in order that we may eventually defeat her and make the world safe against those with strong wills to war. The warning, though none was intended, should not be lost on the seditious pacifists in America. They must not push us too far.

A PACIFIST WHO FIGHTS.

(New York World.)
In December, 1916, Henry Ford headed a costly expedition to Europe, financed by himself alone, expecting to bring about peace by moral suasion. Failing in that enterprise, he announced in January, 1916, a purpose to spend \$1,000,000 to defeat the preparedness program. In September of the same year, although a Republican, he declared in favor of the re-election of President Wilson as the best hope of those who desired peace.
In February, 1917, when war was seen to be inevitable, he offered to turn his plant over to the government or to operate it himself on notional account without profit. A few days later he proposed to loan his entire fortune to the United States for war purposes without interest. In the following April, war having been declared, he surrendered to the British government without cost all his patent rights on tractors. Asked soon afterward on what terms his Boston plant could be had by the government, he replied, "Take it." Today it is announced that until the end of the war he will devote his works wholly to the manufacture of tractors, aircraft engines, ambulances, shells and other appliances and munitions of war.
We refer to these things merely to introduce the statement that Henry Ford is a pacifist who knows when it is time to fight, and that in this respect the American people, with comparatively few exceptions, are in complete accord with him.

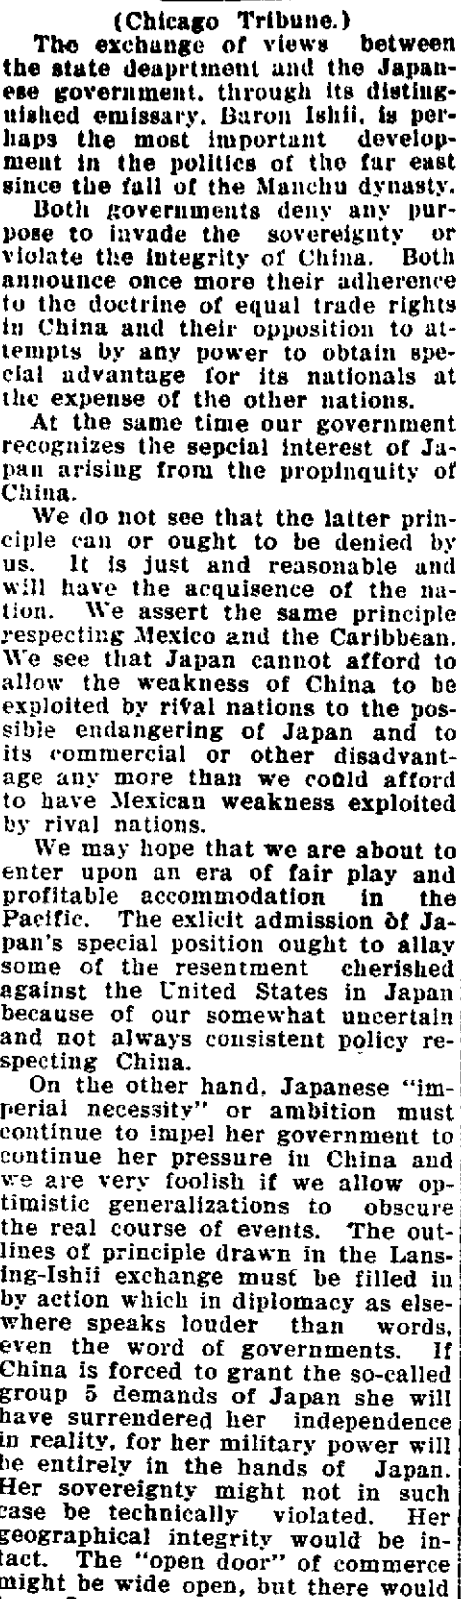

LAKEWOOD WOMEN VOTE.

(Cleveland Plain Dealer.)
While the voters of Ohio were turning down state wide presidential suffrage for women by an astonishing majority, the voters of Lakewood were conferring upon the women of that suburb the privilege of participating in all local elections. Thus Cleveland's neighbor on the west joins her neighbor on the east in an act of justice which Cleveland itself might well emulate.
The East Cleveland case was taken to the state supreme court to establish the legality of the act. The decision then rendered in favor of local suffrage for women will probably suffice to sustain the Lakewood action without a contest. It is one of the fruits of municipal home rule and sets an example which other communities in Ohio may be expected to follow, now that the hope of state wide suffrage for women is postponed for a season.
There is no reason in justice why the women of a local community, denied the right of suffrage upon a statewide basis, should not be permitted full participation in the government affairs of their home cities. It is one field in which fairness may be exercised without having the issue run counter to state political issues.

Pointed Observations

The Teuton Admiralty claims the submarines are gaining their end. A number of them are meeting it, at any rate, according to British figures.—Chicago Herald.
As names multiply of former New York radicals now leading the Bolsheviks in Russia, the thought arises of how a little interfering in time might have been a world blessing in season.—New York World.
Non-resistance never secures immunity from attack. There's the Russian army, for example.—Buffalo Express.
Germany at least deserves military credit for understanding and applying the old Roman policy of movable legions used to put spine into wavering allies.—San Francisco Chronicle.
Uncle Sam's job seems to be getting bigger and bigger every day, but then Uncle Sam always did shine on a big job.—Indianapolis News.
Nobody will be surprised to learn that General Hell is a prominent officer of the German army.—Charleston News and Courier.
The doctors have told the Kaiser that he is traveling too much and must take a rest. The allies have been trying to induce the Kaiser's armies to heed the same advice.—Kansas City Star.
Now that the Philadelphia Orchestra will not be permitted to play any German or German ally music, some patriotic American ought to cooperate by dashing off a couple of symphonies.—Pittsburgh Gazette.
If those submarines are going to "starve England" they certainly are willing for her to die a very long and lingering death.—Savannah News.
Some persons have thought Germany ran a risk in withdrawing troops from the Russian front, but now appears that the Bolsheviks were left on guard.—Kansas City Times.
This new scheme to have banquets and conventions held conversationally as well as conversationally.—Macon Telegraph.
It may be true that matches are made in heaven, but some of them are tipped with brimstone.

"SCHOOL DAYS, SCHOOL DAYS, DEAR OLD GOLDEN RULE DAYS"

Spirit of the Press

Quick Help Needed.
Instead of an army of 500,000 or 1,000,000 men, the United States may have to send 3,000,000 men to Europe before the war is ended. It may have to send even more than that. There is no longer any likelihood that the war will be over before the American troops can get to the front. The danger now is that the British and French may not be able to hold their lines until we are ready to reinforce them. The German forces are in possession of five-sixths of Belgium, all of Serbia, Montenegro, Albania, and one-half of Rumania. They are occupying territory in France, Italy and Russia. The only front on which the Allies are holding their own or doing better than that is the Western front. But if Mackensen, with the steam roller that has been so effective in Russia, Rumania, Serbia and Italy, should be transferred to Belgium and France there is no certainty that it would not be able to smash through the lines of the Allies.—Anaconda Standard.
Giving Comfort to the Enemy.
The Herald doubts if there is any better way of "aiding and abetting the enemy" than for unpatriotic citizens to pay high prices to see and hear the artists of enemy countries now appearing in this country. Could the enemy ask more? From his firing line, where possibly his last shot may have killed your son or mine, an undoubted artist comes to us to amuse and entertain us. Stop and think of it. Albert Spalding, one of the greatest of violinists, is over in Italy, serving under the Stars and Stripes. While Spalding whose patriotism cost him \$50,000 canceled contracts, is fighting for you, you are paying good money to hear an artist who was recently shooting at you.—Washington Herald.
Our Aid to Italy.
One trouble with Italy is that \$4,500,000,000 had been spent on the war up to July 1, and Italy is comparatively a poor country. Gen. Cavour's recent retreat was very costly in losses of war material that must be replaced. Our government's loan of \$230,000,000 last week to the Italian government may have been the thing that insured Italy's continuance in the struggle.—Springfield Republican.
Not a Thorough Job.
Mrs. Eke—It isn't right to charge Willie with taking that money out of your pocket. Why don't you accuse me?
Eke—Because it wasn't all taken.—Boston Transcript.
Nux, Iron, Pepsin and Sarsaparilla
The combination of two great medicines, Hood's Sarsaparilla and Pepsin, by taking them in conjunction, one before eating and the other after, brings into co-operation the above-named substances, beat for the blood, nerves and digestive organs.
This combination is especially recommended in cases that are nervous, or rheumatic, anemic and scrofulous, or where the blood is both impure and pale, deficient in iron—one of the most common disease conditions of the present day.
In cases where a laxative is needed, Hood's Pils should be taken. They work in perfect harmony with Hood's Sarsaparilla and Pepsin, and are mild and efficient.—Advertisement.

Outdoor Workers

are subject to exposure to all kinds of weather, and strenuous outdoor work brings the rheumatic aches. You can't afford to be laid up, so head that first twinge of rheumatism. Use Sloan's Liniment. Clean and convenient, no need to rub, no stains, no clumsy plasters and your pain disappears.

Sprains, strains, neuralgia aches and stiff, sore muscles are all relieved by the application of Sloan's Liniment.

Generous size bottles at all drugstores, 25c, 50c, \$1.00.

Sloan's Liniment

KILLS PAIN

Don't wait for time to heal your skin —

"Oh it will get well anyhow!" you say? Perhaps it will, and perhaps it won't. Maybe it will get worse instead. And think of the discomfort and embarrassment it causes you even now.

Isn't it better to get rid of the trouble by using Resinol Ointment and Resinol Soap? Doctors have prescribed the Resinol treatment for over 20 years, so you need not hesitate to use it. Resinol actually stops itching instantly. All druggists sell Resinol Ointment and Resinol Soap. Use Resinol Soap for your hair, too.

Resinol

for that skin trouble

Have you ever enjoyed the sensation of really clean teeth?

You will have that pleasure constantly if you use Senreco, "a dentist's formula."

This discovery of a dental specialist not only FULLY CLEANS, but is particularly destructive to all disease germs in the mouth, especially the germ of Pyorrhea.

This germ exists in practically every human mouth. It causes sore, tender gums which bleed readily, and can in time result not only in loss of the teeth themselves, but its germs may spread through the entire system, producing serious bodily ailments.

TO AVOID TOOTH TROUBLES —

"See your dentist twice yearly. Use Senreco twice daily."

Senreco in large tubes, 25c.

Send 4c. for liberal sized trial package to Senreco, Third and Walnut Sts., Cincinnati, Ohio.

The tooth paste that really cleans

Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it. Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat, soothes, soothes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for 2½ ounces of Pinex with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Dyspepsia

For Torpid Liver, Dyspepsia, Furred Tongue, Salty Shins, Gas & Heart Distress. 10c and 25c Box.

R&G PILLS

SOCIAL EVENTS

(Society Editor, Auto Phone 28128.)

A number of friends of Mr. Perry Richards surprised him with a masquerade party at his home, North Pine street, Tuesday evening. The evening was spent with games and piano selections by Miss Dolores Richards.

The following guests were dressed in a variety of costumes: Mr. and Mrs. P. R. Arbaugh, Mr. and Mrs. J. S. Allison, Mr. and Mrs. H. G. Hayes, Mr. and Mrs. E. Heller, Mr. and Mrs. F. G. Clunis, Mrs. Martin Luther, Mrs. J. F. Armentrout and son, Perry, Jr.

The out-of-town guests were: Mr. and Mrs. Jesse Coburn and son, Albert; Mr. and Mrs. Norris Arbaugh and Mrs. Nell Johnson of Zanesville.

The Child Conservation League members were entertained by Mrs. James Currie and Mrs. A. T. Wagenhals in the parlors of the Y. W. C. A., Wednesday afternoon, and the following program pertinent to the care of the child was given:

The Child in the Home

Equipment and Arrangement of An Ideal Nursery

Mrs. Ralph Davis

Baby Hygiene, Food and Clothing

Mrs. Ray Cunningham

The Unity Reading Circle members were entertained, Tuesday afternoon, at the home of Mrs. Mary Louder, West Main street, and the following program was given:

Current Events, Mrs. Lloyd Millisor

Our Great Waterways

Mrs. James McGough

The Golden Fleece—Reading by

Mrs. E. E. Moore

At the recent meeting of the Silent Circle of The King's Daughters, held at the home of Mrs. T. M. Ball in Clinton street, the following officers were elected: Leader, Mrs. Mary Miller; first vice president, Mrs. David Jones; second vice president, Mrs. Arthur Banton; treasurer, Mrs. W. W. Johnson; recording secretary, Miss Beatrice Jones; corresponding secretary, Mrs. Harry Gibson; chairman of relief committee, Mrs. Warren Wright; chairman of flower committee, Mrs. George Royley.

A reception was given by the Ohio Omicron Chapter of the Phi Delta Kappa fraternity at Mast's Hall, Wednesday evening in honor of new pledges who are to be taken in the near future. The hall was appropriately decorated with the club colors, red and black, predominating. The entertainments furnished made the evening a busy one. During the evening a few dance numbers were rendered by the Chapter orchestra. Mr. and Mrs. Winn, a newly married couple, were presented with a box of useful articles. A clever article by the Ways and Means committee, was read and a mock wedding was given, Rev. Richard Fatig officiating. At a late hour refreshments were served.

Mr. and Mrs. Arthur Haynes entertained informally at their home in Linden avenue on Wednesday evening for the pleasure of Mr. Ray Evans, who leaves in a few days for Camp Sherman, Chillicothe, to act as religious secretary for the Y. M. C. A. A dainty luncheon was served to about twelve guests.

Warren Hughes entertained a number of his young friends with a card party at his home on Wednesday evening. Following the game luncheon was served by Mrs. Charles Plumb.

The guests were: Misses Gertrude Kennedy, Miriam Kennedy, Mary Cashdollar, Hazel McFarland, Hazel Bibble, Nellie Covelinski, Messrs. Wayne George, Max Staugh, James Staugh, Herbert Cashdollar, George Hassin, Samuel Hoffer, John Hoffer, Wilson Wilkinson, Mr. and Mrs. Courtwright, Mrs. Charles Plumb, Master Walter Hughes and Helen Hughes.

Lloyd—McCoy.

The marriage of Miss Della McCoy of Newark and Mr. Samuel Edward Lloyd of Columbus took place Thursday morning by Dr. L. C. Sparks, pastor of the First M. E. church at his home in North Fifth street. Mr. and Mrs. Lloyd will reside in Columbus.

The State War Board Today Says

The State War Board says today: What are you doing to save sugar? The American people have been using over seven pounds a month per person.

We are trying to send enough sugar to France to maintain there the ration of one pound per month per person.

The result is a sugar shortage. Sugar economy is a war time necessity.

Many housewives have been trying out interesting sugarless recipes. Your grandmother's cook books may furnish some good tips, for a century ago they knew nothing of ordinary white sugar.

Here are some suggested sugarless recipes for desserts.

Date Pudding—arrange in a greased pudding dish alternate layers of flaked rice and chopped dates until the dish is three-quarters full. Fill dish with cold milk and bake in moderate oven three hours.

Baked Apples—Prepare apples as usual for baking. Fill centers with honey instead of sugar, add a few chopped nuts if desired. Place in pan and add three-fourth cup of water and one-fourth cup of honey. Bake as usual.

Guiltily of Arson.

In the case of the state vs. Wm. A. Drumm, charged with firing a dwelling house near Brushy Fork to obtain the insurance the jury returned a verdict of guilty and the court will pass sentence later.

Miss Irma Stevenson spent Wednesday evening with Laura Belle Weekley.

MOTHERS

Keep the family free from colds by using

VICKS VAPORUB

ALEXANDRIA

Pfot. and Mrs. E. C. Darnell, son Donald, returned home from Columbus, Sunday after spending a few days with relatives.

Mr. and Mrs. Joe Fulk visited the former's mother, Mrs. Martha Fulk, near Jacksonville, Saturday night and Sunday.

Sunday had been prepared by the ladies. The occasion being in honor of Mrs. Stager's birthday.

Mr. and Mrs. Dalton Tatham and daughter Carol of Loudon street, were guests of Mr. and Mrs. Raymond Tatham, Sunday.

Mr. and Mrs. Henry Tyler entertained Sunday, Mr. and Mrs. George Davison, Mr. and Mrs. Glen Davison and daughter, Joyce.

Announcement is made of the marriage of Miss Mary Elizabeth Herold, of New York City and Mr. Thomas Vernon Stiers of Alexandria, Thursday, Nov. 8th at the home of the bride's parents in Nelsonville. After an extended wedding trip through the west, they will be at home on the Stiers' farm, north of town.

Mr. and Mrs. Len Green announce the birth of a daughter, born at the Protestant hospital, Columbus, Nov. 7th.

Mr. and Mrs. Clyde Houck of Croton, visited Mrs. Esther Lathrope, Sunday.

Miss Anna Brooks entertained her Sunday school class and teacher, Mrs. E. L. Nichols, at her home, Saturday. A two-course luncheon was served to fourteen members. A shower was given to Mrs. Ernest Brooks, who received many useful presents.

Miss Estella Beaver of Wichita, Kan., visited her sister, Mrs. O. A. Brooks, last Thursday.

Mrs. George Franklin and Mrs. Maud Ross of Newark and Mrs. Jay Crawford and Misses Della and Alma Somerville of Hanover, W. D. Brooks of Toledo, Mr. and Mrs. Will Ruster, Mr. and Mrs. Fred Smith, and two children of South Charleston were among the out of town relatives who attended the funeral of Miss Leota Brooks, Tuesday.

V. C. Stiers and daughter, Eva, attended the wedding of the former's son, Thomas Stiers, at Nelsonville, last Thursday.

The W. W. Guild met at the home of Mrs. Sheldon, last Friday evening. After an interesting program refreshments were served. One new member was taken in.

Miss Leota Brooks died at the home of her mother, Mrs. Sarah Ann Brooks, Sunday, Nov. 11, after a lingering illness of several months with tuberculosis, aged 34 years. An invalid mother, two sisters and three brothers, Mrs. Will Ruster of Granville, W. D. Brooks of Toledo, Mrs. R. G. Proctor, J. M. Brooks and O. A. Brooks, besides a host of relatives and friends are left to mourn their great loss of this noble life. The funeral service was held at the home, Tuesday at 10 o'clock. Rev. D. A. Evans and Rev. Sheldon officiating. Interment in Maple Grove cemetery.

The Red Cross knitting club was held at the home of Mrs. P. M. Ashbrook, Monday evening.

Mrs. J. W. Alderton.

Mrs. Joseph W. Alderton of Miami, Florida, passed away at her home in that city on Wednesday morning, Nov. 11. The deceased was well known in Newark. She having been her former home. She is survived by her husband and two children, Betty, aged 12 years, and Joseph, Jr., aged 5 months. Mrs. S. P. Frey of Chestnut street the mother, and Mrs. Geo. E. Smith of Central avenue a sister, left for Miami on Wednesday night. Funeral services will probably be held in that city on Saturday.

COAT LEADERSHIP

Another big shipment of new coats for Friday and Saturday selling. Now, there is something very special back of these coats and back of the prices. Briefly stated, it is this: Our buyer and the manufacturers are types that don't limit themselves by past successes. Because we have offered unequalled values at specific prices is no reason why we should not provide still greater values at the same prices. We and the manufacturers have done just that. These coats are witnesses to the fact. The greatest assortment and the best values in all Newark, at—

15.95 18.95 23.95 27.95

A Personal Chat With You

Thanksgiving Day is looming up before our prophetic vision. The great festival has its delicious symbols—turkey, cranberry sauce, pumpkin pie.

It also has its historic significance. Memories of stern-faced Pilgrims—the dangers and rigors they endured for liberty—cluster around the day.

This year Thanksgiving Day will stir our hearts to deeper prayer and stronger patriotism. In spite of war, we of the United States have much to be grateful for. And all of us should prove our gratefulness for the grace of the flag—prove it in practical ways.

Retail business has its mission hardly less important than Statecraft. It is difficult to measure the influence of retail standards upon our national life. All merchants, worthy of the name, will meet whatever emergency awaits—meet it loyally, unselfishly. We pledge our best efforts to the service of the public.

T. L. Davies

Blankets

Wholesale quotations quote blankets at an 80% increase. Our present stock was purchased a year ago and we are selling them lower than we could buy them today. Lay in a supply now.

HEBRON

Col. and Mrs. H. D. Burch were Sunday visitors at Coshocton.

ABOUT PEOPLE

Mrs. John W. Parkinson and Mrs. William Nicholas are spending the day in Columbus the guests of relatives of Mrs. Parkinson.

Mrs. D. S. Hinch of New York city is the guest of her brothers, Mr. George Platto and family, of West Church street, and Mr. and Mrs. John Platto of Mahoning street.

Foster Wyant is spending the day in Springfield, O.

Millard Taafel, who spent a fortnight of a few days in Newark last night for Montgomery, Ala., where he is located in Camp Sheridan.

Mrs. E. K. Snyder of Norfolk, Va., is visiting at the home of her sister, Mrs. J. F. Krieger in St. Clair street.

Mrs. S. B. Besse of Summit Station, was called to Newark by the serious illness of her father, Mr. William Boner.

Special Sale of Cleaning and Massage Cream, a regular 50c value for the next few days 39c at MacEwens Beauty Shop in The Arcade. 11-14-d-41

Our Boys and Girls

For a party of small tots, trim the table with wee tapers about as long as your little finger or candles the size used for lighting Christmas trees. Also put them on a cake in rose and holders or around it in a circle made from a barrel hoop, if you cannot buy the already prepared candle holder circles for birthday cake.

Serve chicken sandwiches, graham wafers, animal cookies, ice cream and have cake, either angel food or sunshine. Peppermint candy will be best and the kiddies will love the paper caps that come with the snapping motto favors. If you have a regular luncheon I think a cream soup with lamb chops, green peas, put bread, a fruit salad, and coffee for the mothers with mugs of milk for the babies, would be nice.

Sentence Suspended.

In the cases of the state vs. Elmer Martin and Ellsworth Fay, indicted for failure to provide for minor children, the court sentenced each to serve one year in jail, and suspended same upon their promise to pay the sum of \$12 per month each towards the support of their families.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours.

Evans' Drug Store who you all know is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and drive away even the most stubborn twinges of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony were intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It seizes on the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even the most stubborn twinges are most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed Evans' Drug Store to guarantee it in every instance.—Adv.

WRESTLING SEASON
OPENS TONIGHT AT
THE AUDITORIUM

Knowing just when to "beat it" is one of the qualifications which wrestler Fleming claims for himself. This he learned from several seasons of wrestling in the lumber regions of Michigan.

Talking of his experiences in the lumber towns of the lower peninsula yesterday, Fleming declared that the lumber jacks do not like to see their favorite defeated and if a wrestler comes along who is better than the man backed by the wood choppers, he is in danger of personal violence.

Early this fall he met a wrestler in a small Michigan town and defeated him. The lumber jacks started for the stage and Fleming started for the exit. Difficultly with the lock warmed Fleming that some other means of escape would be necessary if he did not want to fight. He crawled through a window and walked to the next town, dressing as he went. A friend brought him his portion of the receipts the next day. Leslie Fishbaugh will stage the curtain raiser and will be followed by Wallace and Mooncatch. The main bout will begin soon after 8 o'clock.

NEWARK'S SPEED TO BE TESTED IN GAME AGAINST WEST HIGH

All the speed and team work Newark can command will be necessary in the game against the heavier high school team from West High which plays at White Field Saturday afternoon. The Newark team averages only 145 pounds and it is understood that the West High team is some 10 to 20 pounds per man heavier. However, what Newark has lacked in weight has been made up in lightness, speed and team work which has been declared marvelous by others than the backers of the local school.

BEAR STORIES FOR OHIO STATE SQUAD COME FROM URBANA

Urbana, Ill., Nov. 13.—Prospects for a victory over Ohio State did not appear bright to Coach Zupke and members of the University of Illinois football team, as final preparations were made today for Saturday's contest at Columbus.

DRAGOONS WILL PLAY COLUMBUS MAROONS

The Newark Dragoons will be given an opportunity to show all they have in stock next Sunday when they tackle the Columbus Maroons at Erie park. The latter team has quite a reputation among football fans in the Capital City and will endeavor to make the local dragoons feel the same about this great pastime.

THE MARKETS

Chicago Grain.
(Associated Press Telegram)
Chicago, Nov. 13.—Prospects of an increased crop moving into the market from a more liberal supply of cars tended today to ease down the corn market. Opening prices, 10c 1/2, ranged from the same as yesterday's closing to 10c 1/2, with December 10c 1/2 and May 10c 1/2.

DENISON-WESLEYAN GAME TO BE MADE PATRIOTIC EVENT

Delaware, Nov. 13.—Major Elverson of the general staff at Camp Sherman will be a feature of the afternoon's program. There will also be an exhibition of field maneuvers by the Wesleyan battalion.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, loss of sleep, nervousness, no ambition or energy, troubled with indigestible foods, you should take Olive Tablets, the substitutes for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

GERMANS SUFFER BLOODY DEFEAT AT PASSCHENDAELE

(ASSOCIATED PRESS TELEGRAM)
With the British Army in Belgium, Wednesday, Nov. 14.—The forces of Crown Prince Rupprecht of Bavaria have made their first pretentious effort to regain Passchendaele village, in accordance with the edict of Field Marshal von Hindenberg that the place should be recaptured, and have failed.

The enemy's attack made late yesterday afternoon against positions on the crest of the ridge north of the hamlet, was attempted with large forces and was a most determined effort to retake this gem of their defense, but the assaulting troops were hurled back after a grim struggle, leaving the British line before Passchendaele intact.

The greater part of the enemy infantry was stopped by the tremendous British artillery barrage, which ploughed through their ranks as they began the advance, but some of them, answering to that famous discipline, ingained by Prussian military rule, pushed through this rain of death and reached the British front line.

A sanguinary struggle followed at close quarters. The Germans battled doggedly, but the British soldiers flung themselves upon the enemy with such ferocity that he was compelled to give ground and finally retired, leaving many dead upon the barren crest.

The enemy attack was predated by a terrific bombardment. The German guns opened on the right at 4 o'clock yesterday morning. The British had been expecting the counter attack for several days. Captured German officers had freely admitted that the loss of Passchendaele was regarded as a most serious matter and that every effort would be made to retake it.

All day Passchendaele and the forward area were shelled continuously by the concentrated German artillery, while the British heavy and field guns replied with a heavy artillery bombardment of the enemy's lines and battery positions. No such artillery duel had occurred along the British front in many weeks. For hours it was maintained by both sides with a drum fire intensity that shook the country for miles around. Windows in houses fifty miles away rattled as if in a wintry blast, and in a town 75 miles by airplane from the scene of activities the detonations could plainly be heard. About 4:30 o'clock in the afternoon enemy infantry was seen advancing southward along the ridge on a front of about 700 yards toward the British positions. At the same time the Germans dropped a heavy barrage on Goeburg spur to the west to prevent infantry assistance coming to the British from that quarter.

The "S. O. S." signal went up from the British lines and the great British artillery machine responded as though a lever had been thrown. All the British guns within range came into action with an inferno of noise that was appalling, and their myriad of shells began breaking in a steady rain across the ridge in front of the advancing Germans.

The enemy was attacking in force and as they surged along the high ground they were caught in this tornado of jagged steel. Many of them went down, never to rise again. Many more were wounded, and the major part of the attacking line was forced to retire after struggling blindly against this awful deluge for a few moments.

Some of the more determined men, however, pushed on. The shrill chatter of machine guns and the crack of the rifles along the British positions joined the chorus of the guns, and a stream of steel was whipped out across the open ground waist high into the German ranks. But nevertheless these men continued to advance determinedly. The order had been given that Passchendaele must be retaken regardless of cost. They were paying the cost now in their spectacular, but futile charge.

They reached the British front line and hurled themselves against it. Then came the bitterest work of all—at close quarters. It is possible that very few of those Germans who braved the final rush ever regained their own line. The rest were left lying before the British defenses.

When the attack finally was smashed it was a complete defeat for the Germans.

STILL GREAT NEED OF KNITTERS FOR RED CROSS WORK

Owing to the quick and generous response of the people of the city and county the local Red Cross chapter was enabled to ship last week seven cases containing 215 Christmas packets for our men in France. The committee in charge of this work wishes to thank the high school, the Sunday school classes, the women's clubs, many individuals in the city and all of the Red Cross branches throughout the county for their hearty co-operation and wish to say that all packets received from now on will be shipped to headquarters as soon as a case is filled.

The knitting committee also wishes to announce that it has shipped three cases of knitted garments containing the following articles:

63 sweaters,
48 scarfs,
102 pairs socks,
4 helmets,
73 pairs wristlets.
This is only a small part of Licking County's apportionment of 840 sets. There is no charge for the yarn.

All of those who are knitting for themselves or making Christmas presents are begged to lay work aside and help. We must hurry as it takes weeks for garments to reach France after they are finished.

Even when he is a bachelor you never hear the minister say he isn't a marrying man.

No War Profits in Dr. Caldwell's Syrup Pepsin

The Perfect Laxative

The price is the same now as it has always been—50 cts. and one dollar a bottle—two sizes. All druggists sell this popular remedy for constipation.

OHIO'S HARVEST IS ABUNDANT FOR ALL NEEDS SAYS COX

(ASSOCIATED PRESS TELEGRAM)
Columbus, Nov. 15.—"We have the substance and the purpose to help make the world free from the germ of autocratic denial of human rights," declares the Thanksgiving Day proclamation, issued today by Governor James M. Cox, in designating Thursday, November 29, as a day of thanks.

"Our harvests are abundant—more than our needs, if we mark the difference between extravagant self-indulgence and reasonable necessity. Age and experience point to the lessons and noble unselfishness of the past, and youth resolutely comes forward to the task of the hour." The proclamation follows:

"Our fathers established the custom of a concerted giving of thanks to the Almighty, because they held firmly to the belief that He ruled the things of earth and that both blessings and reverses are dispensed by an all-wise hand for a purpose."

"From the present unhappy events of the world, and our part in them, there is much for reflection. The observation that institutions born of progress are cracking at their very base because of a lofty idealism may seem at first thought to be at fault, still it cannot be denied that the force behind the war is a protest against injustice. To hold ourselves away from this movement would be an abandonment of the principles that established and maintained our republic."

"The finite mind may wonder why it is, but no advance in the conditions of man or nations is made without sacrifice. There would be no nobility to an ideal if it did not arouse the spirit to shake itself from the materialistic view, and abandon every thought save for the common good. Our fathers passed through the experience of threatened disaster to plant human freedom on soil where God intended it should grow into an inspiration to the hopes of others."

"This generation has lived in the full fruits of plenty and contentment. An unbroken peace and prosperity has developed the habits of indifference. We are to be enriched in character by the awakened realization that what we have under our government is worth sacrificing for and that we will exalt humanity by giving of our resource and strength in order that other races may know and enjoy the blessings common to us."

"Our harvests are abundant—more than our needs, if we mark the difference between extravagant self-indulgence and reasonable necessity. We have been spared from pestilence. We have the substance and the purpose to help make the world free from the germ of autocratic denial of human rights. Age and ex-

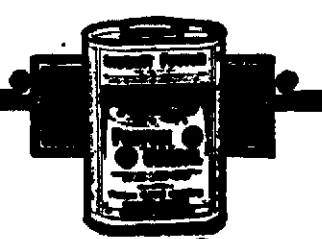

"In most cases of Dyspepsia Coffee Does Not Agree"

says a well known authority

Many who use coffee—not knowing that it aggravates stomach troubles—could still enjoy a delicious hot table beverage and escape coffee's effects by a change to the wholesome, pure cereal drink—

POSTUM

"There's a Reason"

SEEMS LIKE EVERY WOMAN PREFERS KING'S STYLISH GREY BOOTS

And well they should when they have such a large selection of styles and grades to select from. No doubt there is no other store in Central Ohio where you find such a wide range of widths and sizes—and as to value if there were any better values to be had we would have them for you. In this announcement you are told about a few of the many different grey boot values we have in store for you. Come in and try on a pair tomorrow—these for instance—

GRACEFUL GREY BOOTS \$5.50
These boots are made from two different shades of cloth, dark vamp and light tops, leather heel to contrast the grey leather soles; a very stylish 9-inch boot; you will find the quality of cloth and the workmanship better than the \$5.50 average, when priced at.....
BATTLESHIP GREY BOOTS \$5.75
7 1/2 inches high are these beautiful battleship grey vic kid boots, with black leather heels and soles; soft flexible soles, perforated vamp, lace stays; stitched; a very graceful boot for the price of.....

CLOTH TOP GREY BOOTS \$5.50
These boots come with an 8-inch top of fine grey cloth; fine quality of glazed vic kid, military heel, imitation perforated tip with perforated vamp black leather lace stays; another one of our stylish grey boot values.....
8 1/2 INCH TOP GREY BOOT \$7.50
A very striking boot with grey cloth and black leather collar at top; vamp of fine glazed black kid; leather heel with insert; you will want a pair when you see them at the price.....

OYSTER GREY CLOTH BOOTS AT \$9.00
Your choice of either lace or button models, black kid vamps, oyster grey cloth tops, welt soles, leather Louis heels with plate insert; a very stylish eight inch boot.....
\$9.00

MORE AND MORE EVERY DAY
Are learning that King's way of shoe repairing is the most satisfactory in every way—better materials, better workmanship and the most reasonable in price and work executed when promised.

WEST SIDE OF THE SQUARE KING'S THE HOME OF GOOD SHOES

perience point to the lessons and noble unselfishness of the past, and youth resolutely comes forward to the task of the hour.
"Our belief in God grows and we are grateful that in time of trial, we are an increasingly reverent people. Our virtues are aroused, and a purer-hearted citizenship will make a stouter-hearted nation."
"Therefore, in the better view, we should lift our hearts to a humble acknowledgement of our debt. In compliance with law and custom and upon the recommendation of the president of the United States, I,

James M. Cox, governor of the state of Ohio, respectfully urge that the people of the state observe Thursday, November 29, as Thanksgiving Day, in their homes, in public assemblies, and places of worship. Let families come together wherever possible, and let thanks ascend to the Giver of all gifts and blessings, with the prayer that we may continue unselfishly and wholeheartedly to render the greatest service to mankind."

Would you say that the dentist who goes abroad to practice is of foreign extraction?

Notice to Farmers Make It Pay When You Come To Town

Why not? You have hundreds of pounds of old discarded tools and machinery that will bring you a nice tidy sum of money, and remember we pay the highest cash price for old rags, rubber, paper and metals of all kinds.

MADE IN THE UNION MADE

Don't Delay, But Take Advantage of This Opportunity

It's the cry of the age. Idols are being shattered every day. New ideas are fast forging to the front; science never sleeps and is making daily revelations. What's true today will be followed by a greater truth tomorrow.

Our business is no exception to the rule; styles and fabrics are constantly changing. There is nothing that enhances a man's appearance like a perfect fitting made-to-measure suit or overcoat. It carries an individuality that is attractive and exclusive. Our price of \$17 is no barrier to your joining the parade of the progressive ones. With us quality reigns supreme and at no advance in price. In addition to our regular line at \$17, we have added two lines of extremely high grade woolens for which we charge 20 and 25 dollars. During this sale we include these and give FREE with every order one pair \$5.00 pants.

Quality Same As Ever San Felice Cigar Now 6c

As long as it was possible to do so we have kept down the price of the San Felice Cigar, so that it could be retailed for 5c. However, it becomes imperative for us to increase the price to 6c.

Taxation, raw material and wages have advanced so much during the past year that it is no longer possible to sell San Felice

at the old prices.

To those smokers of fine taste who recognize in San Felice a cigar of unusual merit we ask your continued patronage. It is unnecessary to state that the same high standard of San Felice quality will be maintained. San Felice Cigar now 6c. The Deisel-Weimer Co. Lima, Ohio.

Phosphorus Strengthens and Vitalizes Every Nerve and Organ of the Body

So says Doctor who prescribes ordinary phosphated malt for weak, nervous, rundown, anemic people.

Boston, Mass.—Without phosphorus, says Dr. Reid, good health is impossible. Phosphorus strengthens and vitalizes every nerve and organ of the body. Without it even plants will not grow. More phosphorus is a common need of both men and women but few people realize it. Generally they believe that stomach trouble or liver or kidney trouble, or a lack of iron in the blood, is the cause, when as a matter of fact all they need is a little more phosphorus to tone up the nervous system and give strength and vigor to the body. When people come to me nervous and rundown and irritable, and everything looks blue and if there is nothing but trouble, trouble everywhere, I prescribe ordinary phosphated malt, which not only supplies the phosphorus but brings malt, one of the best known tonics and tissue builders, to the rescue of the wasting tissues. I have seen it double endurance and mental activity in less than ten days time and in cases where nothing else had proved to be of real value. I have seen it bring roses to the cheeks of pale, nervous, overworked women and the crimson blood of health and a smile of happiness to the faces of children recovering from illness of long duration. Recently a patient came to me physically run down and on the verge of mental collapse. He found no pleasure in life, his day work had become drudgery and he got no rest from his sports and holidays. He could neither sleep nor keep his mind on his work. His business was in such shape that he could not leave it and I doubt if it would have helped him, anyway. I advised him to eat less and take two five-grain tablets of

phosphated malt after each meal. In less than ten days he walked into my office full of vim and vigor, his eyes bright, his step firm and buoyant and his manner that of a man of twenty-five though he was well past fifty. Physicians everywhere know the value of phosphorus and almost every woman knows the tonic value of malt. It is a remarkable tonic and tissue builder, especially adapted to the needs of nursing mothers and weak anemic women. Combined with phosphorus and phosphates as in phosphated malt it nourishes and aids the system to convert food into living tissue. The old liquid forms of malt are not convenient to take and most of them contain alcohol which causes a needless stimulation always followed by dangerous and depressing reaction. Phosphated malt retains the tissue building properties of malt and escapes the evil effects of alcohol. I have seen it produce such astonishing results that I prescribe it daily in my practice, recommend it to my friends and take it myself. After a few days of phosphated malt you will awake in the morning feeling refreshed and vigorous and ready to begin the day's work with redoubled confidence and energy.

Note: To find out what phosphated malt will do for you, get a package and learn for yourself, or ask the man who has used it, or get the formula from your druggist—it is printed plainly on every package, then ask your doctor or manufacturers of phosphated malt have such confidence in it that they guarantee it will double the endurance of any weak, nervous, rundown person in ten days time or the price will be refunded. They insist that all druggists shall sell it subject to this guarantee. It is dispensed by druggists everywhere and especially by T. J. Evans.

AMUSEMENTS

GRAND.
Dorothy Dalton appears as a queen of the Yukon in the new production, "The Flame of the Yukon," which will be shown at the Grand on Thursday and Friday. The picture has the vigorous action, the wild poetic beauty and the heart appeal characteristic of the stories dealing with Alaska during the lawless gold rush period. Miss Dalton's role is admirably suited to her. She is a veritable Carmen—impulsive, without conscience, daring to act as she chooses. Yet when she meets "the stranger" and realizes for the first time, the dominance of love she is willing to make a tremendous sacrifice and to brave the jeers of the dance hall people in order to win the regard of the man whom she had intended to "trim."

ALHAMBRA.

The true story of Russia—the events leading up to the revolution and the death of Rasputin, the black force behind the Czar—are now for the first time told in "Rasputin, the Black Monk," a remarkable feature issued by World Pictures. The facts connected with the fall of the Romanoffs are now told for the first time and are told in a way that will enthrall every movie fan, every student of history and every person who is interested in keeping up with the biggest events of the times. This most remarkable attraction will be shown at the Alhambra theatre tonight with a magnificent cast headed by Montague Love, June Ffardale, Arthur Ashley, Henry Hall, Julia Dean, Irving Cummings, and Hubert Wilke. Money has been spent on this picture with a lavish hand.

Friday and Saturday.
Miss Edna Goodrich gets under the

Scene From "The Birth of a Nation," Attraction at The Auditorium Theatre, November 22, Matinee and Night

skins of even the least emotional spectators in her new Mutual drama, "A Daughter of Maryland," which is a pretty southern story full of little mannerisms and prettinesses that go to make up southern plantation atmosphere.

Miss Goodrich has a splendid setting for her latest characterization—that of an old Maryland estate with a big Colonial house filled with shippendale and old china and surrounded by magnificent timber, rolling acres of picturesque country and a horde of negro servants.

AUDITORIUM.

Long Looked For Picture.
Nothing like D. W. Griffith's gigantic military spectacle, "The Birth of a Nation," has ever been seen here before, and on this account its coming to the Auditorium is of the greatest interest. The engagement begins on the afternoon of Nov. 22, which is a week from next Thursday and is for three days, with two performances the following two days. The matinee begins at 2:30, evenings at 8:15 p. m. "The Birth of a Nation" has been heralded as the great American play. In part

this is due to its relationship to the history that is depicted in its scenes and in the second part to the scale of magnitude upon which it has been worked. There are over 15,000 people in the production and 3,000 horses and 100,000 chickens are now being received and same are taken care of if remittance, with ten per cent war tax

"Jack and the Beanstalk" soon will be with us. Further announcements regarding date of showing will soon come from the Auditorium, where it is soon scheduled for a three day showing. This is a massive Fox production in which over 1300 children are seen in the leading roles.

The Hearst-Pathe News shown Saturday together with "Poppy" is full of very late news events and should be seen by all. Nothing is missed by the Pathe cameraman.

A pleasing two reel comedy is promised Auditorium patrons Sunday, this being shown together with the picture "A Rich Man's Flirtation" in which Valdeska Buratt is starred.

Next Monday, Tuesday and Wednesday the Auditorium offers the biggest feature for the money ever offered Newark picture fans, it being the massive Jesse L. Lasky production, "John, the Woman" with Gertrude Farrar as the star. History holds no more splendid examples of heroism and unselfishness than that of Joan of Arc, who fought with men, was loved by men and killed by men—and yet withal retained the heart of a woman. This production directed by Cecil M. De Mille, adds another triumph to his works. In Pittsburgh this great feature ran for three months at the Pitt theatre, with prices ranging from 25c to \$1.50. The Newark prices will be 15c to all, this includes the war tax.

"The Eternal Temptress," Lina Cavalieri, internationally famed beauty, prima donna of world wide reputation and now a star of Paramount productions, has finished the portion of "The Eternal Temptress," her first

SAVING LIVES

Father John's Medicine

For Dangerous, Obstinate Colds. No Injurious Drugs.

Never wait for a cold to wear off—it wears away the lungs instead. Neglected colds often lead to pneumonia. Father John's Medicine gives prompt relief from colds and throat troubles.

Guaranteed free from alcohol and nerve-destroying drugs upon which many medicines depend for their temporary effect, and which are dangerous, because they weaken the body and allow the disease to get a deeper hold.

boys in the two batteries and headquarters barracks and also make a thorough inspection of the big military camp. As a consequence of the absence of the mayor no police court was held today. There were two arrests during the night, one for intoxication and another for safe keeping.

GRANVILLE

(Special to The Advocate.)

Granville, Nov. 15.—One hundred and twenty-five guests assembled at "Bryn Du," Wednesday afternoon, the home of Mr. and Mrs. J. S. Jones on the Newark road, on invitation of the Women's Music club, to enjoy the first open meeting of the season. The mansion is becoming "historic" in the annals of the music club for the number and popularity of these entertainments. The place is accessible both to Granville and to Newark; there is a seating capacity of over one hundred in the drawing room with its two grand pianos at the disposal of the performers and a cordial welcome from the hostess awaits all comers.

Yesterday the "stage" was indicated by a bank of palms and chrysanthemums against the tall, western mantle. The president, Mrs. W. P. Ullman, gracefully welcomed the guests and introduced Mrs. Burton Case as leader of the program. Attention was directed to a feature which has distinguished no other program of the club, the absence of solos. Unity of effect was secured by the use of two-piano duets and part-song choruses; variety in the selection of notable composers of the Italian, Russian, Spanish, Norwegian, Bohemian and German schools—the climax being reached in the concluding number, Schubert's "Die Allmacht," sung as a chorus by both divisions. Mrs. C. B. White, who is responsible for the Year Book, was highly complimented on the skillful arrangement of an exacting program, as well as for the masterly performance of Dvorak's "Spanish Dances," played by herself and Mrs. Darrow.

Pirani's "Etude de Concert" was played by Misses Faye Hulshizer and Eva Flatt; Sinding's "Variations in E-Flat Major" by Misses Ruth Rockwood and Lora Wright; Reinicke's "Impromptu Op. 66," by Misses Hulshizer and Rockwood; Albeniz "Spanish Rhapsody," Mrs. Soule and Mrs. Ashton.

The vocal numbers were splendidly presented by about twenty of the members in two choruses under direction, respectively, of Mrs. Theodore Johnson and Mrs. J. W. Rohrer; groups of songs were presented by Mousorgsky, by Brahms, Swedish Folk Songs, with an violin obligato by Prof. Biefeld of Denison University; by Rheinberger, Wagner and Schubert. At the conclusion of the musicale, coffee, sandwiches, cakes and mints were passed to the guests who had repaired to the dining room.

Among the guests were noted Pros. Eschman, Stickney, Biefeld, Rev. S. W. Hamblin and Burton Case; Mrs. Samuel Olson, Philadelphia; Mrs. J. B. Old, Pittsburgh; Mrs. Edward M. Jones, Lucasville; Mrs. Revell, Rome, Ga.; Mrs. J. R. Fitzgibbon, Mrs. Jane Buell, Mrs. Joseph Sprague, Mrs. E. C. Wright, Mrs. Dore, Mrs. Kenneth Hall of Newark were a few of the many out of town guests.

Mr. and Mrs. J. S. Jones will leave this evening for New York for a ten days' stay. They expect to visit their daughter, Miss Betty, in Bryn Mawr college during their absence.

"The Three M's and I," were entertained this afternoon at the home of Mrs. William Black in South Main street.

The Denison Conservatory recitals this season have been distinguished by the high merit of the performances presented by the different departments. Last evening the large audience assembled in Recital hall paid tribute to the popularity and ability of Miss Fannie J. Ferrar, head of the piano department, who gave a Beethoven program, which evinced her mastery of the keyboard—as well as her musically feeling.

TIFFIN SOLDIERS QUIT.

(Associated Press Telegram)

Tiffin, O., Nov. 15.—Sixty soldiers employed by the Webster Manufacturing company are on strike for one dollar a day raise and a closed shop.

ATHERTON NAMES

WILSON DIRECTOR OF PUBLIC SERVICE

Mayor-elect H. A. Atherton today announced the appointment of J. E. Wilson as service director under his administration which begins Jan. 1. Mr. Wilson will succeed W. C. Christian and will take charge of the department with the mayor-elect. He is the cost accountant and an expert bookkeeper at the Wehrle Company's plant.

Lee S. Pemberton, a linotype operator of the American Tribune has been named safety director by Mr. Atherton. Mr. Pemberton was active in the former's campaign both at the primary and the election and served as president of the Young Men's Atherton club.

Messrs. Atherton and Pemberton decided to name John Glicerist as clerk to the safety director. He also is an employee of the American Tribune. The Tribune, official organ of the Republican party, fares fairly well under the new incoming Democratic administration.

GRATNOT WOMAN IS HURT IN FALL FROM MOVING MACHINE

(Special to The Advocate.)

Gratnot, Nov. 15.—Miss Fannie Snider, 30, was probably fatally injured Wednesday evening at 6 o'clock, when she jumped from the running board of a moving automobile. Miss Snider had been picking apples in a nearby orchard and was returning home when J. E. Werland, told her he would ride her home. She just stepped on the running board and did not wait for the machine to stop in front of her home. Mr. Werland continued on his way to New Lexington, thinking she had alighted safely.

Later she was picked up unconscious along the road, probably having struck her head in alighting. She was taken to Good Samaritan Hospital, Zanesville, and has not yet regained consciousness. She has a compound fracture of the left jaw bone, a punctured temple and several concussions of the brain. She is the sole support of her aged parents.

When first found it was thought she had been struck by a passing machine and the Newark police were asked to lookout for it. But investigation disclosed the real nature of the accident.

PINCHOT QUILTS HOOVER'S BOARD

(Associated Press Telegram)

Washington, Nov. 15.—Resignations of Gifford Pinchot and E. C. Lapsater, a Texas cattle-grower, have been accepted as members of the food administration organization. They have been serving as voluntary aids to Food Administrator Herbert Hoover.

Mr. Pinchot and Mr. Lapsater resigned, it was said, at the food administration today, because they differed with administration officials as to how the meat situation should be handled. Both contended that the packing industry be taken over and operated by the government and that the cottonseed crop be taken so that cottonseed meal cake could be sold to cattle-growers at low prices.

GERMANY PREPARES TO MEET AMERICA AIR FLEET

(Associated Press Telegram)

Copenhagen, Nov. 15.—Captain Baron von Richthofen, Germany's leading aviator, expresses himself as unconcerned over the reported preparation to place 20,000 American aviators on the western front. He believes it will be impossible to get together that many trained pilots as the training is long and costly and involves heavy casualties. The newcomers, he said, will, particularly at first, "be unable to judge the military conditions and at least 25 per cent of the machines will be disabled during the long transport."

Lieutenant General von Ardenne of the Berliner Tageblatt, who reports this conversation with von Richthofen at the Flanders front, adds that the German air service, which evidently has been forewarned by newspaper discussion of American planes, is steadily increasing the number of aviators and machines.

BAVARIAN GOVERNMENT STIRS UP CHURCH ROW

(Associated Press Telegram)

Copenhagen, Wednesday, Nov. 14.—The Bavarian government, in order to effect better utilization of water power and electricity and to save coal, has decided to transfer the Sunday holiday to another day in the week. This has stirred up a hornets' nest. The Catholic clergy has protested most energetically and are supported by the protestants. Catholic labor unions have held a big meeting of protest. Only the socialist unions acquiesce.

PAPER TRUST TRIAL STARTS.

(Associated Press Telegram)

New York, Nov. 15.—The defendants in the case of the government's charges against the News Print Manufacturers Association, accused under the Sherman law of combining to control the news print industry, were placed on trial today. The work of selecting a jury was immediately begun.

GEN. SMITH SEES COX.

(Associated Press Telegram)

Columbus, Nov. 15.—Brigadier General W. R. Smith, commandant of the Ohio troops at Montgomery, Ala., arrived in Columbus today and went into conference with Governor Cox. Matters pertaining to the interests of the Ohio boys were discussed.

CONSUMERS CO. GIVES TWO FAT CHECKS TO BATTERY AND Y FUND

The Advocate battery fund for the benefit of Licking county men at Camp Sherman was increased to the amount of \$50, a check having been sent The Advocate for that amount by Henry Schnaidt, manager of the Consumers Brewing Company. Mr. Schnaidt stated that it was the desire of the company to assist the Licking county soldiers in securing the necessary athletic equipment for their quarters and in helping to make their barracks more comfortable. The gift was a generous one and will be appreciated. The Consumers Company also sent a check for \$50 to Treasurer Harry Scott of the Y. M. C. A. War Fund.

HEART BURN STOPPED BY INTERNAL BATHS

(Mrs.) Edward Bailey of Newark, Ohio, writes Dr. Chas. A. Tyrrell of New York as follows:

"I can truthfully say that the Cascade has done me a wonderful lot of good. I have been suffering for 15 years and would take soda in a little water to relieve the misery for a short time. But since using the Cascade I have never been bothered that way, and I can eat anything. I also had a very bad case of bowel trouble and I have been cured. I know if I would use the Cascade as I should I could cure the bowel trouble. I got better and neglected to use it as often as I should. I have suffered so from sick headache and have used the Cascade for them and can cure one in one-half hour. I have had very few headaches since using the Cascade. The Cascade is a grand thing in that it helps you to help yourself."

This is no means an exceptional letter for Dr. Tyrrell to receive, as there are now over half a million Americans using Dr. Tyrrell's "J. B. L. Cascade" with like results. By the scientific use of Nature's cleanser—warm water—it eliminates all poisons from the lower intestine and gives Nature a chance to work unhampered. You will be astonished at the difference in your feelings the morning after an internal bath.

The "J. B. Cascade" will be shown and explained to you by Hudson Ave. Pharmacy, R. L. Williams, Prop., 322 Hudson Ave., Corner Oak St., Newark, Ohio, who will also give you free on request an interesting booklet by Dr. Chas. A. Tyrrell, "Why Man of Today is Only 50% Efficient."

Get this booklet and know just why internal bathing is so effective in the promotion of better health.—Adv.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

GIRLS! MOISTEN A
CLOTH AND DRAW
IT THROUGH HAIR

It becomes beautifully soft, wavy, abundant and glossy at once.

Save your hair! All dandruff goes and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

Save your hair! Keep it looking charming and beautiful. You will say this was the best money you ever spent.

TRANSPORTATION AND LABOR
CURTAINS STEEL PRODUCTION

Cleveland, O., Nov. 15.—The Iron Trade Review today says: "Alarming curtailment of production of inadequate supplies of coal and coke outrank all other factors of immediate importance in the iron and steel industry. Operating conditions in various districts have grown well high intolerable. Blast furnaces continue to be banked right and left and the train of effects is running back to the steel works and rolling mills. Foundry production is suffering. In the Youngstown and Valley districts mill and furnace production has been cut down from 25 to 50 per cent. The origin of the congestion continues to be laid both to sluggish transportation and unstable labor. Production does not seem to be at fault since in some cases coke is being drawn and dumped on the ground because it cannot be moved. The seriousness of the

situation has been enhanced by the approach of the season normally unfavorable for operating and traffic conditions.

A continuous stream of orders for government requirements remains the daily experience of the average mill. In addition to the huge tonnage of shell steel to domestic manufacturers, the producers are to be called upon to furnish large quantities to a score or more of Canadian works which have been awarded shell contracts by the United States government.

Inquiry for pig iron is considerably in excess of sales because of the growing scarcity of various grades. The week's bookings, however, have been large. Because regularity of furnace operations destroyed by coke conditions and war demands are growing, makers are more uncertain of their open tonnage to July 1. Consequently, they are selling cautiously. In certain specialties where the supply is limited, buyers have been obliged to pledge that the metal will not be used for non-essentials of war. The recommended differentials generally are being followed by buyers and sellers.

BUILDERS EXHIBIT IN
COLUMBUS JAN. 21 TO 30

An unusual exhibition is to be held at the State Fair Grounds in Columbus, January 21 to 30, inclusive, under the joint auspices of the Columbus Real Estate Board and the Builders and Traders Exchange. The exhibition is made up of the leading men in these respective professions. It is to be a real estate and building show for the prospective builder as well as the contractor.

Fifty-three thousand square feet of exhibit space has been practically sold, and the exhibits which will be valued at more than \$1,600,000 will be most elaborate, the most complete and most expensive ever made in the state. A complete model of a prize modern dwelling will be erected in one of the spaces. The management of the exposition is now conducting a nation-wide contest of architects for the best moderate priced home, and after the prize has been awarded the complete model will be erected according to these plans.

The show will be open afternoon and evening during the ten days, will run, with special features for every day.

FIRST PAYMENT DUE.
(ASSOCIATED PRESS TELEGRAM)

Washington, Nov. 15.—The first regular installment payment on the second Liberty bonds, 18 per cent of the face value, fell due today at the treasury and federal reserve banks.

HUNTING SEASON OPENS.
(ASSOCIATED PRESS TELEGRAM)

Columbus, Nov. 15.—The legal hunting season in Ohio opened today and this morning hundreds of hunters, armed with guns and followed by their dogs took to the fields. The rabbit season will close January 1.

UNCLE SAM WILL
FURNISH TURKEY
DINNER FOR TROOPS

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Nov. 15.—Four thousand turkeys, barrels of cranberries, thousands of oysters and a great amount of celery will be ready for the selective draft soldiers at Camp Sherman Thanksgiving day.

"Camp Sherman boys are to have their turkey," said Lieutenant Colonel Lawrence D. Cabell, division quartermaster today. "We expect to have enough for one pound to each man, with plenty of delicacies that go to make up a good Thanksgiving dinner."

Turkeys will be bought with a view of giving 40,000 men a good turkey dinner. That will give each man a little more than a pound unless the last quota of the first draft is called to Camp Sherman before Nov. 23. Between 8,000 and 10,000 men are due in the last quota. There are now 32,000 in camp, 5,000 having just been sent to Camp Pike, Arkansas.

While preparations are being made for a good dinner the Y. M. C. A., Knights of Columbus, Young Men's Hebrew Association and other organizations represented in camp, are arranging a big joint thanksgiving service which probably will be held in the Y. M. C. A. central auditorium, the largest auditorium in camp. The new theatre, now in course of construction, may be completed in time. It will seat a thousand or 1,500 more than the Y. M. C. A. building.

Many are making plans to go home for the holiday and Major General Glenn will be as liberal in orders respecting passes as possible. Daily drills are being held by platoons of the 308th Engineers, the 323rd Light Field Artillery, the 324th Heavy Field Artillery, the Signal battalion and four bands to be prepared for competition to pick crack platoons and a band for the Thanksgiving football game between Camp Sherman's eleven and the Ohio State University team. It is expected several thousand draftees will get to witness the battle, which is looked to as one of the big games on the Camp Sherman schedule.

The base hospital now has nearly 700 patients, with a large number of them negroes. Many are suffering from ailments dating back to before their arrival here for training.

No solution of the problem of what to do with striking Mennonites has been reached by base hospital officers. They are now considering

Don't Stay
Gray

That your hair to the shade desired with "Brownstone." This new preparation is far superior to any mixture that contains arsenic, sulphur, or other similar preparations. There is no danger of an itching or peeling scalp when you use "Brownstone." For this simple preparation positively contains no lead, mercury, silver, arsenic, sulphur, or any other toxic or destructive. You just brush or comb it into the hair and create a new gray hair instantly disappear. Your hair is a beautiful and uniform color throughout—the ends are as dark as the balance and you have a new shade desired from a light brown to a black. Just a moment's "touching up" once a month and no one can ever detect it.

No rubbing or washing off—no fading. Prepared in two shades—one to produce golden or medium brown, the other, dark brown or black. Two sizes—1 oz. and 2 oz. Each bottle absolutely free for a short time. Only a sample bottle of "Brownstone" if you will send us your name and address accompanied by 10¢. No sample at dealers. This offer is made for you to try "Brownstone" Hair Tonic. Write to "Brownstone" Hair Tonic, P. O. Box 100, New York, N. Y. or to all so-called "drug" stores, etc. The Carson-Parrish Co., 901 Copeland Bldg., New York, N. Y.

DO SOMETHING
FOR THAT COUGH

Dr. Bell's Pine-Tar-Honey will prove ideal treatment.

A neglected cough may lead to such dangerous bronchial or lung ailments, that proper attention with Dr. Bell's Pine-Tar-Honey cannot be begun too promptly.

You can absolutely depend on this remedy as it has proved effective in thousands of cases where a hacking cough, difficult breathing, inflammation or hoarseness were involved. Its balsam and healing ingredients soothe the throat, loosen the phlegm, the antiseptic properties, check the cold germs and feverish or grippy feelings are promptly allayed.

Take Dr. Bell's Pine-Tar-Honey at once, not only for quick and gratifying relief for all distressing symptoms, but to prevent serious after-effects. Don't let a rough hang on all winter; delay is dangerous. The flavor is so pleasant that children need no inducement to take it. Tear this ad. out and take it to your druggist with 25c and he will give you the genuine Dr. Bell's Pine-Tar-Honey.

PICTURE AMERICAN SOLDIERS.

Amsterdam, Nov. 15.—German illustrated papers received here yesterday reproduce photographs of "types of the first Americans captured on the western front."

DANGERS THAT MENACE
BEAUTY DURING WINTER

Front and Wind, Next To Be Dreaded; Redness and Roughness Easily Removed.

Every woman can weather the winter and come out looking as pretty as before, provided she has taken needed precaution to protect the delicate skin of the face, neck and arms. Common ordinary buttermilk with a good, pure cream with many a woman fulfills these precautions. Buttermilk, though you may not know it, quickly removes all redness, roughness and chapping of the face, hands and arms. But since it is not always obtainable, and is messy and troublesome to make, you will be glad to know that the ready-to-use preparation called "Hawthorn's" Buttermilk Cream can be obtained at any good drug store by simply asking for Buttermilk Cream. It must be applied freely to produce best results. No matter how poor the complexion, the skin soon becomes absolutely spotless, with the bloom of youth that only nature (in the form of buttermilk) can give.—Advertisement.

HIBBON MASON'S ELECT OFFICERS.

At a meeting on Tuesday evening, November 12th, the following officers were elected: Elias Edwards, W. M.; Edwin Holycross, S. W.; A. E. Savage, J. W.; C. A. Pence, Treas.; J. W. Bartholow, Secy.; D. A. Dittor, S. D.; Karl Foster, J. D.; E. E. Comperder, Tyler; T. M. White, Trustee.

You never can tell. Even the fat woman who tries to reduce generally wants her own weight.

"In a
Workmanlike
Manner"

These words appear in most specifications for electrical work, as well as for bricklaying, carpentry, painting, etc. If the spirit as well as the letter of this injunction is followed, a thoroughly pleasing as well as substantial job results.

To a responsible electrical contractor the words, "In a workmanlike manner" means not only mechanically and electrically correct—but good to look at as well. Good workmanship is the result of long experience, careful supervision and confidence created by knowledge.

Your electrical work will be done "In a workmanlike manner" if done by the undersigned firm.
